The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" — A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. Such conduct includes but is not limited to conduct directed toward the establishment of the particular game, contest, scheme, device or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial or recording phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device (including but not limited to roulette wheels, gambling tables and similar devices) designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property.

(c) But, the following are not to be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Electro-mechanical pinball machines specially designed, constructed, set up and kept to be played for amusement only; provided any such pinball machine shall be made to receive and react only to the deposit of coins and no more during the course of a game; provided the ultimate and only award given directly or indirectly to any player for the attainment of a winning score or combination on any such pinball machine shall be the right to play one or more additional games immediately on the same device at no further cost; provided the maximum number of free games that can be won, registered, or accumulated at one time in operation of any such pinball machine shall not exceed thirty free games; provided any such pinball machine shall be made to discharge accumulated free games only by reactivating the playing mechanism once for each game released; and provided any such pinball machine shall be made and kept with no meter or system to preserve a record of free games played, awarded or discharged. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums or property of any kind for scores, combinations or free games obtained in playing such pinball machine in which such person has an interest as owner, operator, keeper or otherwise.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one or more of which are to be designated the winning ones; and

2. The winning chances are to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in subsection (5)(a) is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings,

and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who engages in "bookmaking" as defined in subsection (2) is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" — A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

(10) (a) "Charitable gaming" means games of chance, including bingo, operated by charitable or religious organizations or institutions. In order to assume a charitable gaming status, the charitable or religious organization or institution and the gaming activity conducted thereby shall conform to the following requirements:

1. The organization or institution conducting the gaming activity shall maintain a charitable or religious tax exemption according to the federal internal revenue code and shall have maintained such federal tax exempt status for a period of five (5) years prior to any prosecution under this chapter;

2. The gaming activity conducted by such organization or institution shall be operated exclusively by volunteer personnel receiving no remuneration whatsoever by their services;

3. Any proceeds resulting from the operation of charitable gaming activity shall be utilized solely for purposes consistent with the charitable or religious functions and objectives for which the operating organization or institution received and maintained federal tax exempt status.

(b) The status of "charitable gaming" shall be a defense to any prosecution under this chapter.

Section 10. KRS 528.100 is amended to read as follows:

Any gambling device or gambling record possessed or used in violation of this chapter is forfeited to the state, and shall be disposed of in accordance with KRS 500.090, *except that the provisions of this section shall not apply to charitable gaming activity as defined by KRS 528.010(10).*

(2) The department for human resources shall make no rule or regulation which would prohibit the use of amygdalin (laetrile) in any hospital, ambulatory outpatient surgical center or health care facility licensed by it.

SECTION 9. A NEW SECTION OF KRS CHAPTER 217 IS CREATED TO READ AS FOLLOWS:

Amygdalin (laetrile) manufactured in this state shall not be sold in interstate commerce. Violation of this prohibition is cause for immediate revocation of the license to manufacture, sell, or distribute amygdalin (laetrile). If the tax remains unpaid for ten (10) days after the demand, then the commissioner or a person designated by him may cause a warrant to be issued, directed to any sheriff or other person authorized to serve process, commanding the sheriff or other person to levy upon and sell the personalty and realty of the taxpayer found within this jurisdiction, for the payment of the amount of the tax, penalty, interest and cost of the levy. The warrant shall be returned to the department together with the money collected within the time specified within the warrant which shall not be less than twenty (20) nor more than ninety (90) days from the date of the warrant.

(2) The sheriff or other person to whom the warrant is directed shall proceed in the same manner with the warrant as prescribed by law in respect to executions issued against property upon judgments by

(3) If the department makes a finding that the collection of the tax is in jeopardy, notice and demand for immediate payment of such tax may be made by the department and upon failure or refusal to pay the tax, immediate levy shall be lawful without regard to the 10-day period provided in this section.

(2) If the commissioner determines that property has been wrongfully levied upon, it shall be lawful for the commissioner to return the specific property levied upon, or an amount of money equal to the amount of money levied upon, or any amount of money equal to the amount of money received by the Commonwealth from a sale of such property.

(e) It provides that the political subdivision will make such reports, in such form and containing such information, as the state agency may from time to time require, and will comply with such provisions as the state agency or the secretary may from time to time find necessary to assure the correctness and verification of such reports; and

(f) It authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and as may be consistent with the provisions of the social security act.

(2) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (1) of this section, and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of such political subdivision under paragraph (a) of this subsection. Amend printed copy of **SB 362** on page 8, after line 3 insert the following:

"SECTION 4. A NEW SECTION OF KRS 21.345 to 21.520 IS CREATED TO READ AS FOLLOWS:

(1) Effective July 15, 1980, the retirement system established by KRS 21.345 to 21.520 shall include the members of the general assembly upon their election to participate therein in accordance with subsection

(2) of this section. The annual accrual rate for members of the general assembly first elected after the effective date of this Act shall be two and seventy-five hundredths percent (2.75%) for each year of service. For members of the general assembly serving prior to July 1, 1978 who continue to serve in the general assembly on the effective date of this Act, the annual accrual rate shall be the same as for judges in the judicial retirement system prior to July 1, 1978, and for members of the general assembly first serving in the general assembly after July 1, 1978 but before the effective date of this Act, who continue to serve in the general assembly, the annual accrual rate shall be the rate for judges who entered the judicial retirement system after July 1, 1978 but prior to the effective date of this Act.

(2) Each member of the general assembly in office on July 15, 1980 may, within thirty (30) days after July 15, 1980, and any member of the general assembly thereafter taking office may within thirty (30) days after taking office, elect to make monthly contributions to the system established by KRS 21.345 to 21.520 in an amount equal to five percent (5%) of his assumed annual salary on a monthly basis. The election shall be effective to establish membership in the system as of July 15, 1980, or as of the date the member thereafter takes office, as the case may be. The election shall be addressed and filed and have effect the same as an election made by a justice or judge under KRS 21.360.

(3) Members of the general assembly who elect membership in the judicial retirement system shall have their service in the Kentucky employes' retirement system credited to their account in the judicial retirement system. In this case, money attributable to the member in the member's contribution account (KRS 61.575) and the retirement allowance account (KRS 61.575) and the retirement allowance account (KRS 61.580) shall be transferred to the judicial retirement system.

Section 5. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to four and fifteen one hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962 creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be five percent (5%), and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 amendment to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a circuit judge, compensation received as special commissioner of the former Court of Appeals. *In the case of members of the General Assembly, final compensation shall be computed on the basis of an assumed annual salary of $18,000 per year, which shall include per diem and expense payments authorized by KRS Chapter 6.* If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(3) In lieu of the right provided for in subsection (2) of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection (2) of this section when he reached his normal retirement age, reduced actuarially in accordance with his actual age at the time the election is made.

Section 6. KRS 21.345 is amended to read as follows:

(1) For the purposes of KRS 21.350 to 21.510, "retirement" means a voluntary resignation or a failure of re-election, but does not include a removal for cause.

(2) The word "service" as used in KRS 21.370 to 21.480 means service as a justice of the Supreme Court, *as a member of the general assembly in accordance with Section 4 of this Act,* as a judge of the Court of Appeals created by Section 111 of the Constitution of Kentucky, as a regular circuit judge, or as a regular judge of the district court, including service in one (1) and then another of those capacities. It

also includes service as a judge or commissioner of the former Court of Appeals, or as director of the administrative office of the courts, prior to January 1, 1976, and service continuing beyond that date, in any capacity in or for the Court of Justice, by any person who held the office of commissioner of the former Court of Appeals, or director of the administrative office of the courts, on December 31, 1975. The word "service" embraces only service performed while a member of the retirement system established by KRS 21.350 to 21.510, except that, service in any of the positions hereinabove mentioned, before the judicial retirement system was made applicable to that category of position, shall be included.

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. Service in any calendar month shall be deemed to constitute a month of service.

(4) The provisions of this section shall not apply to any director of the administrative office of the courts appointed after January 1, 1976, nor shall they apply to any commissioner of the Court of Appeals not appointed prior to January 1, 1976. The administrative director of the courts and commissioners of the Court of Appeals appointed prior to January 1, 1976, shall continue to be members of the system so long as they continue to render service in any capacity in or for the Court of Justice.

Section 7. KRS 21.350 is amended to read as follows:

(1) Except as provided in subsection (2) of this section, membership in the retirement system established by KRS 21.350 to 21.510 shall consist of, and be confined to, justices of the Supreme Court, *members of the general assembly in accordance with Section 4 of this Act,* judges of the Court of Appeals created by Section 111 of the Constitution of Kentucky, circuit judges, and judges of the district court, who have made an election to participate in accordance with KRS 21.360.

(2) Any person who was a member on December 31, 1975, by virtue of holding on that date the office of commissioner of the former Court of Appeals or director of the administrative office of the courts, shall continue in membership so long as he continues to render service in any capacity in or for the Court of Justice.

(3) The limitation of membership made by this section does not affect rights to benefits based on service rendered before the 1978 amendment to this section took effect."

The clerk shall file the receipt in his office. The jailer shall receive the prisoners and safely keep them until they are properly discharged. If the jailer fails to accept and keep such prisoners, he and his sureties shall be liable in the same manner and to the same extent as if the prisoners had been regularly committed by an order of the circuit court of his county. [The jailer shall receive the same fees as he would receive for a prisoner committed by the circuit court of his county.] The officer conveying the prisoners to the designated jail, and such guards as the judge directs him to take, not exceeding the number of guards allowed in taking convicts to the penitentiary, shall receive the compensation and mileage allowed by KRS 64.070 for taking convicts to the penitentiary. The compensation shall be allowed by the circuit judge directing the transfer and paid out of the State Treasury[, unless there was no jail in the county or it was rendered insecure by the failure of the fiscal court to keep it in the requisite condition, in which case it shall be paid by the fiscal court of the county. The circuit judge, in making the allowance, shall state in the order out of which fund it shall be paid]. The order of the judge directing the transfer shall be conclusive evidence that the transfer was proper and to the right jail, and shall be a justification to the jailer for holding any such prisoner in any action against him for false imprisonment.

Section 37. KRS 441.060 is amended to read as follows:

(2) Nothing in this section shall deprive the executive department for finance and administration from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof, provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between general service administration and the vendor affected.

(3) The executive department for finance and administration shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and shall prescribe rules and regulations *as provided by KRS Chapters 45A and 56* to govern purchasing by or for all such agencies, [subject to the approval of the secretary of the executive department for finance and administration,] and shall publish a manual of procedures to be distributed to agencies [and to be revised upon issuance of amendments to such procedures]. No purchase or contract shall be binding on the state or any agency thereof unless approved by the department or made under general regulations which the executive department for finance and administration may prescribe.

(7)[(8)] Except as provided in KRS Chapters 175, 176, 177 and 180, [and subject to the provisions of KRS Chapter 45A,] the executive department for finance and administration shall purchase or otherwise acquire all real property determined to be needed for state use, upon the approval of the secretary of the executive department for finance and administration as to the determination of need and as to the action of purchase or other acquisition, provided that the amount paid shall not exceed the appraised value as determined by the department, or the department of transportation (for such requirements of that department), or value set by eminent domain procedure.

(8)[(9)] Real property or any interest therein may[, subject to the provisions of KRS Chapter 45A,] be purchased, leased, or otherwise acquired from any officer or employe of any agency of the state upon a finding by the executive department for finance and administration, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the executive department for finance and administration and the governor, that the employe has not either himself or through any other person influenced or attempted to influence either the agency requesting the purchase of the property or the executive department for finance and administration in connection with such acquisition. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(3) All of the powers vested in the commissioner and Department of Revenue by the provisions of the Cigarette Tax Law are available for the enforcement of KRS 365.260 to 365.380.

(4) Any person aggrieved by any decision, order or finding of the department, suspending or revoking any such license, may appeal therefrom to the Kentucky Board of Tax Appeals as provided by law by filing a petition of appeal with the board in the manner and form and within the time and subject to the terms and conditions as the board shall by rules prescribe.

Such a license or licenses shall be secured on or before July 1 of each year, and each licensee shall pay the sum of *one hundred dollars ($100)* [twenty-five dollars ($25.00)] for each such year or portion thereof for which such license is secured.

Failure on the part of such licensee to comply with the provisions of KRS 138.130 to 138.205 or any regulations promulgated thereunder, or to permit an inspection of premises, machines or vehicles by an authorized agent of the department at any reasonable time shall be grounds for the revocation of any license issued by the department, after due notice and a hearing by the department. Such conferee shall thereupon file a report with the commissioner together with a recommendation as to the revocation of such license. (a) If the project has been properly and legally advertised as required by state or local law and no qualified bids are received, or;

(b) If it can be conclusively shown that the application of the prevailing wage requirements set forth in this chapter on any specific public works project, constructed by any city of the fourth, fifth or sixth class or by any county which does not contain a city of the first, second or third class, would adversely affect individual private property owners in the construction of public works and where the total costs are assessed directly and exclusively against the private owners of the benefited property as provided in KRS 94.297 to 94.301;

(c) If it can be conclusively shown that the nature or scope of a proposed public works project is of such an emergency or unusual nature or is subject to such restricted and limited funding that the application of the provisions of KRS 337.505 to 337.550 would prohibit the completion or construction of the project. Such exception or modification shall apply only to public works projects constructed by cities of the fourth, fifth or sixth class or by counties which do not contain a city of the first, second or third class.

(2) No exception shall be granted nor modification approved or any project having a fairly estimated value in excess of one hundred and fifty thousand dollars ($150,000).

(3) Any interested party may request a prevailing wage review board consideration of exception to KRS 337.505 to 337.550 pursuant to this Act on any specific project by written application to the commissioner stating the reasons for such request and describing the general nature of the exception or modification desired. Any such request shall be made prior to the awarding of any work contract or the commencing of any actual construction work on the project to be considered.

(4) The commissioner shall have sole authority to convene the prevailing wage review board and any action by the prevailing wage review board shall be subject to review and approval by the commissioner.

(5) An exception or modification granted by the prevailing wage review board which does not specify a schedule of prevailing wage rates as determined by the commissioner shall contain a statement of the lowest allowable wage rates per hour for all workers and mechanics on the project and shall contain a statement that all provisions of KRS Chapter 337 not specifically excepted or modified will be complied with by the public authority. Exceptions or modifications shall be applicable only after the prevailing wage review board has given written notice to the commissioner of recommended exceptions or modifications and the commissioner has approved such recommendations. Public authorities having been granted such exception or modification shall acknowledge such action prior to commencing any affected public works project by letter to the commissioner stating that the provisions of such exception will be adhered to and that all other provisions of this chapter will be complied with.

(6) An individual may be designated by the commissioner to as chairperson and recorder at any prevailing wage review board meeting and may advise the board members of statutory provisions but shall have no voice or vote. The prevailing wage review board shall not be required to meet more often than once every sixty (60) days. If more than one (1) request is to be considered by the board and affected projects are located in more than one (1) locality, the commissioner may request the board to meet in any location which would expedite or more efficiently accommodate the boards' deliberations.

(7) Nothing contained in this section shall serve to modify, change or set asaide any provisions of any other federal, state or local statute, regulation, law or ordinance.

Floor Amendment No. 3 to **SB 362,** by Representative Kidd:

"SECTION 4. A NEW SECTION OF KRS 21.345 TO KRS 21.520 IS CREATED TO READ AS FOLLOWS:

(1) Effective July 15, 1980, the retirement system established by KRS 21.345 to 21.520, shall include the members of the general assembly upon their election to participate therein in accordance with subsection (2) of this section. The annual accrual rate of general assembly members for service after July 15, 1980 shall be two and seventy-five hundredths percent (2.75%), except that the annual accrual rate for members of the general assembly for service prior to July 1, 1978, and for continuous service thereafter, shall be the same rate as for judges in office on June 30, 1978, and the annual accrual rate for service beginning after July 1, 1978, and for continuous service thereafter, shall be the same as for judges who entered office after July 1, 1978 but before July 15, 1980.

(2) Each member of the general assembly in office on July 15, 1980 may, within thirty (30) days after July 15, 1980, and any member of the general assembly thereafter taking office may within thirty (30) days after taking office, elect to make monthly contributions to the system established by KRS 21.345 to 21.520 in an amount equal to five percent (5%) of his assumed annual salary on a monthly basis. The election shall be effective to establish membership in the system as of July 15, 1980, or as of the date the member thereafter takes office, as the case may be. The election shall be addressed and filed and have effect the same as an election made by a justice or judge under KRS 21.360.

(3) KRS 21.375 notwithstanding, members of the general assembly who elect membership in the judicial retirement system shall have their service in the Kentucky employes' retirement system, county employes' retirement system or teachers' retirement system credited, for the purposes of vesting and determining retirement allowances, to their account in the judicial retirement system. Money attributable to the member in the member's contribution account (KRS 61.575, 78.640), the retirement allowance account (KRS 61.580, 78.650), the teachers' saving fund (KRS 161.420(2)) or the state accumulation fund (KRS 161.420(3))shall be transferred to the judicial retirement board for payment of retirement allowances of members of the general assembly who elect membership in the judicial retirement system.

Section 5. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to four and fifteen one hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962 creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be five percent (5%), and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 amendment to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a circuit judge, compensation received as special commissioner of the former Court of Appeals. *In the case of members of the General Assembly, the monthly final compensation figure shall be computed on the basis of an assumed annual salary of $18,000 per year, which shall include per diem and expense payments authorized by KRS Chapter 6.* If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(3) In lieu of the right provided for in subsection (2) of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection (2) of this section when he reached his normal retirement age, reduced actuarially in accordance with his actual age at the time the election is made.

Section 6. KRS 21.345 is amended to read as follows:

(1) For the purposes of KRS 21.350 to 21.510, "retirement" means a voluntary resignation or a failure of re-election, but does not include a removal for cause.

(2) The word "service" as used in KRS 21.370 to 21.480 means service as a justice of the Supreme Court, *as a member of the General Assembly in accordance with Section 4 of this Act,* as a judge of the Court of Appeals created by Section 111 of the Constitution of Kentucky, as a regular circuit judge, or as a regular judge of the district court, including service in one (1) and then another of those capacities. It also includes service as a judge or commissioner of the former Court of Appeals, or as director of the administrative office of the courts, prior to January 1, 1976, and service continuing beyond that date, in any capacity in or for the Court of Justice, by any person who held the office of commissioner of the former Court of Appeals, or director of the administrative office of the courts, on December 31, 1975. The word "service" embraces only service performed while a member of the retirement system established by KRS 21.350 to 21.510, except that, service in any of the positions hereinabove mentioned, before the judicial retirement system was made applicable to that category of position, shall be included.

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. Service in any calendar month shall be deemed to constitute a month of service.

(4) The provisions of this section shall not apply to any director of the administrative office of the courts appointed after January 1, 1976, nor shall they apply to any commissioner of the Court of Appeals not appointed prior to January 1, 1976. The administrative director of the courts and commissioners of the Court of Appeals appointed prior to January 1, 1976, shall continue to be members of the system so long as they continue to render service in any capacity in or for the Court of Justice.

Section 7. KRS 21.350 is amended to read as follows:

(1) Except as provided in subsection (2) of this section, membership in the retirement system established by KRS 21.350 to 21.510 shall consist of, and be confined to, justices of the Supreme Court, judges of the Court of Appeals created by Section 111 of the Constitution of Kentucky, circuit judges, and judges of the district court, who have made an election to participate in accordance with KRS 21.360, *and members of the General Assembly in accordance with Section 4 of this Act.*

(2) Any person who was a member on December 31, 1975, by virtue of holding on that date the office of commissioner of the former Court of Appeals or director of the administrative office of the courts, shall continue in membership so long as he continues to render service in any capacity in or for the Court of Justice.

(3) The limitation of membership made by this section does not affect rights to benefits based on service rendered before the 1978 amendment to this section took effect."

(3) *The board shall issue administrative regulations setting a uniform percentage of sentence to be served prior to initial parole review. This percentage shall be uniformly applied to all sentences and shall be no less than twenty percent (20%) nor greater than fifty percent (50%), subject to the following exceptions: no inmate shall serve less than five (5) months nor more than ten (10) years prior to initial parole review. Regulations governing the eligibility of prisoners for parole shall be in accordance with professionally accepted ideas of correction and reform and may utilize in part objective, performance-based criteria; however, nothing herein contained shall preclude the board from utilizing its present regulations in conjunction with such other factors involved that would relate to the inmate's needs and the safety of the public.

(4) Whenever an order for parole is issued it shall recite the conditions thereof.

(5) Nothing herein shall prevent the parole board from granting early parole review pursuant to criteria and guidelines promulgated in its administrative regulations.

Section 5. KRS 439.555 is amended to read as follows:

(1) Any prisoner having served the term for which he has been sentenced for a crime he committed after June 16, 1972, less good time deduction, if any has been accumulated, shall be released, under conditional release and guidance of the bureau of corrections for the period of accumulated good time and subject to the provisions of law and bureau of corrections regulations relating to supervision of the released prisoners. *However, no person shall be released under conditional release unless he has served at least one-fourth (¼) of the sentence imposed on him by the judgment of the court in which he was convicted and sentenced. Any person confined in a state penal or correctional institution under a sentence of life imprisonment shall be required to serve a minimum of ten (10) years before he shall be recommended for parole.*

(2) A written statement, approved by the commissioner of corrections or a person designated by him, by a parole or conditional release supervision officer, and filed with the board setting forth that the conditional releasee, in the judgment of such officer has violated the condition of his release, shall be sufficient cause for the board, at its discretion, or on its own motion, to issue a warrant for the arrest of the mandatory releasee, or for his return to the correctional institution from which he was released.

(3) The period of time spent in mandatory supervision status prior to the date of issuance of a warrant for violating the regulations governing mandatory release supervision, or prior to the date of arrest on a new felony offense for which the releasee subsequently is convicted and committed to a correctional institution, shall count as time served on the sentence on which the prisoner was mandatorily released under supervision.

(4) A prisoner for whose return a warrant has been issued by the board shall be deemed a fugitive from justice or to have fled from justice and he shall be subject to return from any other state by extradition if such proceedings are necessary.

SECTION 4. A NEW SECTION OF KRS CHAPTER 117 IS CREATED TO READ AS FOLLOWS:

(1) Any person or corporation owning, manufacturing or selling any electronic voting system, may request the state board of elections to examine such system. Any ten (10) or more persons, being qualified registered voters of this state, may, at any time, request the state board of elections to reexamine any electronic voting system. Before requesting such examination or reexamination, any such person, persons, or corporation shall pay to the state treasurer an examination fee of five hundred dollars ($500). The state board of elections may, at any time, reexamine any system already approved. (3) Any electronic voting system not approved by the state board of elections shall not be used at any election.

(4) When an electronic voting system has been approved any improvement or changes in the system shall render necessary the reexamination or reapproval of such system.

(5) Neither the members of the state board of elections, nor any examiner appointed by the state board of elections, nor any member of a county board of elections shall have any pecuniary interest in any electronic voting system.

(6) Each examiner appointed by the state board of elections shall receive fair compensation to be established by the state board of elections.

SECTION 5. A NEW SECTION OF KRS CHAPTER 117 IS CREATED TO READ AS FOLLOWS:

No electronic voting system shall, upon any examination or reexamination, be approved by the state board of elections unless it shall be established that such system, at the time of examination or reexamination:

(1) Provides for voting in absolute secrecy;

(2) Permits each voter to vote at any election for all candidates and questions for which he is lawfully entitled to vote, and no others;

(3) Permits each voter, at the general election to vote a straight political party ticket by one mark or act;

(4) Provides a method for write-in voting;

(5) Provides for a nonpartisan ballot;

(6) If it is of a type that registers the vote electronically, the voting system shall preclude each voter from voting for more persons for any office than he is entitled to vote for or upon any question more than once;

(7) Permits each voter at a primary election to vote only for the candidates seeking nomination by a political party in which such voter is registered, and for any candidate for nonpartisan nomination, and for any question upon which he is entitled to vote;

(8) If it is of a type that registers the vote electronically, the voting systems shall permit each voter to change his vote for any candidate or upon any question appearing on the official ballot up to the time that he takes the final step to register his vote and to have his vote computed. If it is of a type that uses paper ballots or ballot cards to register the vote and automatic tabulating equipment to compute such votes, the system shall provide that a voter who spoils his ballot may obtain another ballot;

(9) Is suitably designed for the purpose used, is constructed of a durable material, and is safely transportable;

(10) Is so constructed that a voter may readily learn the method of operating it;

(11) If the voting system is of a type which provides for the computation and tabulation of votes at the precinct level, the automatic tabulating equipment shall include the following mechanisms or capabilities:

(a) A public counter, the register of which is visible from the outside of the automatic tabulating equipment component into which the ballots are entered, which shall show during any period of operation the total number of ballots entered for computation and tabulation;

(b) A lock, or locks, by the use of which all operation of the tabulation element of the automatic tabulating equipment is absolutely prevented immediately after the polls are closed or where the tabulation of votes is completed;

(c) It shall be so constructed and controlled that, during the progress of voting, it shall preclude every person from seeing or knowing the number of votes registered for any candidate or question; and it shall preclude every person from tampering with the tabulating element;

(d) If the number of choices recorded for any office or on any question exceeds the number for which the voter is entitled to vote, it shall reject all choices recorded on the ballot for that office or question;

(e) It shall be equipped with an element which generates a printed record at the beginning of its operation which verifies that the tabulating elements for each candidate position and each question and the public counter are all set to zero and with an element which generates a printed record at the finish of its operation of the total number of voters whose ballots have been tabulated, the total number of votes cast for each candidate whose name appears on the ballot, and the total number of votes cast for, or against, any question appearing on the ballot;

(f) It shall be so designed that only those ballots which have write-in choices shall be subject to handling after the voter has cast his ballot; all such ballots shall be handled only at the close of the polls and only by the election officials at the precinct who shall visually verify and tabulate the write-in votes cast;

(12) If the voting system is of a type which provides for the computation and tabulation of all votes at a central counting center, the central automatic tabulating equipment shall include the following mechanisms or capabilities:

(a) It shall be constructed so that every person is precluded from tampering with the tabulating element during course of its operation;

(b) If the number of choices for any office or on any question exceeds the number for which the voter is entitled to vote, it shall reject all choices recorded on the ballot for that office of question;

(c) It shall have a means by which to verify that the tabulating elements for each candidate position and for each question are all set to zero and shall be able to generate a printed record of each precinct showing the total number of voters whose ballots have been tabulated, the total number of votes cast for each candidate whose name appears on the ballot, and the total number of votes cast for, or against any question. It shall also be capable of generating cumulative election totals.

   c. School Foundation Program
      1980-81 .... $718,524,500
      1981-82 .... $780,254,200

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

The amount to be included for the 1980-81 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$14,356	$12,386	$10,416	$8,360	$7,370
4-9 years	16,316	14,356	12,386	8,360	7,370
10 years & over	18,094	16,124	14,154	8,360	7,370

Beginning with the school year 1981-82, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$15,576	$13,439	$11,301	$9,071	$7,996
4-9 years	17,703	15,576	13,439	9,071	7,996
10 years & over	19,632	17,495	15,357	9,071	7,996

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board for Elementary and Secondary Education shall certify such contention to the Department of Revenue. Said department shall then determine whether or not there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board for Elementary and Secondary Education, and said Board shall accept such certified determination as final.

The State Board for Elementary and Secondary Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1980-81 and 1981-82 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The allotment to any school district of classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Entitlement for basic classroom units obtained in schools of one classification shall not be allocated to schools of another classification. For the purposes of determining such entitlement, classification shall be as follows:

(1) One-teacher schools;

(2) Schools, other than one-teacher schools, with less than one hundred pupils in average daily attendance; and

(3) Schools, other than one-teacher schools, with more than one hundred pupils in average daily attendance.

In the determination of allotments pursuant to KRS 157.360(2), there shall not be allotted a full classroom unit for any non-isolated one-teacher school with fewer than 27 pupils in average daily attendance or for any isolated one-teacher school which has fewer than 12 pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1980-81	1981-82
Vocational Education	2,857	2,900
Exceptional Children	4,210	4,310
Kindergarten	1,000	1,050

Provided, however, that if the budgeted units in any category of classroom units — Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration — prove to be excessive, the surplus not to exceed (100) such classroom units may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board for Elementary and Secondary Education and the Secretary of the Department of Finance.

The allotments of classroom units shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions: (a) an average daily attendance of eight and four-tenths (8.4) in 1980-81 and nine (9.0) in 1981-82 shall be deducted for each vocational education unit allotted and (b) an average daily attendance of six and three-tenths (6.3) in 1980-81 and seven and two-tenths (7.2) in 1981-82 shall be deducted for each exceptional children unit allotted. The average daily attendance deductions for vocational education units and exceptional children units, described above, shall be used in the calculation of administrative and special instructional services (ASIS) units, as ASIS units relate to vocational education and exceptional children units allotted after 1975-76.

Allotments for classroom units pursuant to KRS 157.360(7) shall only be for those personnel enumerated under said section who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1980-82 biennium shall be determined by multiplying the number of classroom units by: $3,245 in the 1980-81 school year and $3,570 in the 1981-82 school year. At least 5% of the increase in value of the current expense category per unit from the preceding year over the 1980-82 biennium shall be utilized for purposes of improving salaries for the classified personnel of local school districts.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,900 in the 1980-81 school year and $2,000 in the 1981-82 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. There is appropriated to the various officers, cabinets, departments, boards, commissions, institutions, subdivisions, and other agencies of the State Government only as are listed herein for the fiscal year ending

June 30, 1981, and for the fiscal year ending June 30, 1982, Federal subventions, grants, contracts and other Federal funds received, income from investments and other miscellaneous Federal receipts received by any of the following agencies of the State Government, except as otherwise specifically provided, for the use and benefit of each of the below-named agencies of the State Government for the purposes for which each fund is authorized. Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS chapter 12, 42, and 45.

In the event receipts received and credited to any Federal Fund account during fiscal year 1980-81 or fiscal year 1981-82, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent, the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the Executive Director of the Office for Policy and Management upon approval of the Secretary of the Department of Finance; provided, however, that institutions of higher education may receive and expend all federal funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Department of Finance, during the fiscal year ending June 30, 1981, and during the fiscal year ending June 30, 1982, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Department of Finance. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Department of Finance and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1980 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of Finance, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of Finance shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of Finance, in consultation with the Interim Joint Appropriations and Revenue Committee, shall provide appropriate notice pursuant to this event to the Legislative Research Commission.

Those projects listed by title in this Act but for which no funds are shown are previously authorized projects for which there is sufficient funding available for completion in the absence of any additional funding in the 1980-82 biennium. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the General Fund surplus. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to the approval of the Department of Finance. Any funds remaining in projects no longer authorized on July 1, 1980, under the provisions of KRS 45.750 through 45.990 shall lapse to the Capital Construction Emergency Repair, Maintenance and Replacement Fund to be expended in accordance with the provisions of KRS 45.780. Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding.

Included in the above appropriation is a $50,000,000 Economic Development bond authorization for each fiscal year. This funding is recommended for projects that are associated with economic development and will be identified during the 1980-82 biennium by the Secretary of the Development Cabinet. Examples of projects that may be included are riverports, parks, economic development, energy development and tourism. No bonds may be issued for these projects in the absence of prior consultation with the Capital Construction and Equipment Purchase Oversight Committee.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Community Flood Damage Abatement, Local Health Construction, Riverport Development, Repair of State-Owned Dams, School Building Authority, Economic Development Projects, Coal Severance Economic Aid Fund and Area Development Fund.

All monies transferred to the Department of Finance for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Department of Finance for capital construction.

The Legislative Research Commission shall cause to be conducted an audit of the capital construction fund for the period, July 1, 1970 through July 1, 1980. The audit shall be a full governmental audit conducted according to governmental accounting standards and shall include the financial, statutory compliance, and program aspects of the capital construction fund. The audit shall include, but not be limited to, the following information:

(1) A complete list and summary description of every capital construction project and major item of equipment approved during the period July 1, 1970 through July 1, 1980 that is not completed on the effective date of this Act;

(2) For each project and item of equipment, as of July 1, 1980;

(3) The project phase;

(4) The project account number, project name, and any other term employed to identify the project or item;

(5) The available balance in the project or item account, and any sums considered available for that project or item;

(6) A statement of the transfers of funds to or from the project, item, or project or item account; and, the project or item account, or account, to which transfers from each project or item, project or item account, or account has been made;

(7) The year in which the project or item was approved, with specific reference to the legislation by which the project or item was approved;

(8) Total expenditure on the project or item;

(9) A statement that the project of item is either active or inactive;

(10) The current estimated completion cost, including the amount required for annual inflation;

(11) A statement that additional funds for the completion of the project or item are or are not required; and if required, why sufficient funds for completion are not available;

(12) Justification for the project or item;

(13) The balance in the appropriated, but unallotted account; and the balance in any account, however designated, that contains appropriated, but unallotted funds.

Every department, agency and other units of state government shall cooperate fully with the firm selected to conduct this audit.

If at end of any fiscal year the monies and securities to the credit of the State Fire and Tornado Insurance Fund exceed $2,000,000 and if conditions with respect to life and fire safety in state properties are such as not to require the expenditure of all excess funds for improvements to said conditions, then the Secretary of the Department of Finance, with the concurrence of the Commissioner of Insurance, shall transfer up to $1,200,000 in fiscal year 1980-81 and $1,300,000 in fiscal year 1981-82 of the amount of such excess not so required and may authorize its transfer to the Capital Construction Fund, for expenditure in accordance with the provisions of Chapter 56 of the Kentucky Revised Statutes.

General Revenue Sharing funds are appropriated in accordance with the provisions of the Federal State and Local Fiscal Assistance Act of 1972 and extension thereof. In the event these monies, or any portion thereof, are not made available to the Commonwealth, the Secretary of the Department of Finance may take appropriate action as required by Part VI, General Provisions, Section 8 of this Act. In addition, in the event that General Revenue Sharing funds may not become available, the Secretary of the Department of Finance is also empowered to substitute other sources of funding, including any funds remaining in projects no longer authorized on July 1, 1980, as may be available in order to finance capital construction projects as specified herein not to exceed the individual project recommended appropriation amount. Prior to substituting funding for a project identified herein to be funded with General Revenue Sharing funds that may not have become available, the Department of Finance shall present to the Capital Construction and Equipment Oversight Committee, for its review, the specification of the new source of funding and its amount.

In the event a state-level commission to review local government finances is a requirement for continued state participation in the General Revenue Sharing program, the Secretary of the Department of Finance is hereby authorized to allocate up to $500,000 from the Commonwealth's revenue sharing entitlement for expenditure by this commission in fulfilling its required duties as may be specified under federal law.

The provisions of KRS 45.750 through 45.990 notwithstanding it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or Federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Department of Finance, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

PART VI
GENERAL PROVISIONS

1. Nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1980 and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Department of Finance. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Department of Finance in accordance with the detailed estimates embodied in the Executive Budget 1980-82 and supporting work papers, as considered by the 1980 Regular Session and the decision of the Secretary of the Department of Finance shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Department of Finance is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Department of Personnel, Department of Finance, Treasury, and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's budget proposal and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. In the event that Federal monies become available to the Commonwealth under Title IV of Public Law 95-87, it is the intent of the General Assembly that these monies be appropriated to the Department of Finance to be used for nonrecurring projects in accordance with the intent of the Federal law.

8. Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency or other activity or subdivision of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund,

as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1980 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Secretary of the Department of Finance, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Secretary of the Department of Finance, in the manner set forth as provided by general law, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

9. In the event that General Fund expenditures for fiscal years 1979-80 or 1980-81 are less than the General Fund appropriations for those same fiscal years after the close of the official accounting records of the department of finance for fiscal years 1979-80 and 1980-81, respectively, such funds, less funds required to maintain an estimated general fund surplus for fiscal year 1980-81 and 1981-82 in an amount equal to one percent (1%) of the department of revenue's official general fund revenue estimate for those respective fiscal years, shall be transferred in an amount not to exceed $25 million in each fiscal year from the general fund to a savings fund in the state treasury which is hereby established. Monies in the savings fund are hereby appropriated to the department of finance to be expended for emergencies, for excess necessary governmental expenses as provided in Part I, for state legislation enacted by the 1980 general assembly mandating programs for which there is no appropriation, for increased funding mandated by the federal government, including the federal courts, for capital construction projects funded by federal revenue sharing, should such funds be unavailable or insufficient for specified projects in Part V, and for any other necessary expenditure proposed by the Governor, except that the first $3 million transferred to the savings fund in each fiscal year shall be transferred to the account of the Kentucky School Building Authority for payment of debt service, and such funds are hereby appropriated for that purpose. No funds may be expended under this section, except those funds transferred and appropriated to the Kentucky School Building Authority, in the absence of prior consultation with the Interim Joint Committee on Appropriations and Revenue.

10. The Secretary of Finance shall cause the office for policy and management to prepare a final budget memorandum based upon the executive budget proposal as modified and adopted by the 1980 General Assembly as well as other acts which provide appropriation during the 1980-82 biennium and based upon supporting documentation and records as considered by the 1980 General Assembly. This memorandum shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by major budget class and such other fiscal data and commentary considered necessary by the Office for Policy and Management for budget execution and oversight. A copy of the final budget memorandum shall be provided to the appropriate agency and the Legislative Research Commission. Any amendments approved by the Department of Finance shall be communicated to the Interim Joint Appropriations and Revenue Committee.

11. All funds received under the Federal Social Security Amendments of 1977, Public Law 95-216 (H.R. 9346, Sec. 401, 402, and 405) are hereby appropriated to the Department for Human Resources to be used to implement Community Work Experience programs as established under KRS 205.650 - 205.700. In enacting this section of this Appropriation Act, it is the deliberate intention of the General Assembly that these funds should be used, within federal law and regulation, for federal match whenever possible to maximize their statewide impact.

12. It is the intent of the General Assembly that the Secretary of Finance shall be empowered and directed to transfer all funds appropriated to various agencies of state government in Part I for the operation and maintenance of the Kentucky Early Warning System (KEWS) to the Department of Finance to administer and manage the system.

Amend printed copy of **HB 532** on page 1, line 1 through page 27, line 18, delete sections 1 through 11 and insert the following:

Section 1. KRS 342.038 is amended to read as follows:

(1) Every employer subject to this chapter shall keep a record of all injuries fatal or otherwise, received by his employes in the course of their employment. Within one (1) week after the occurrence and knowledge, as provided in KRS 342.185 to 342.200, of an injury to an employe causing his absence from work for more than one (1) day, a report thereof shall be made in writing and mailed to the board on blanks procured from the board for the purpose.

(2) The report shall contain the name, nature, and location of the business of the employer and name, age, sex, wages, and occupation of the injured employe, and shall state the date and hour of the accident causing the injury, the nature and cause of the injury, and any other information required by the board.

(3) Every employer or insurer subject to this chapter shall file additional reports *covering specifically voluntary payments and settlements, and such other reports* as are required by the workmen's compensation board *by regulation* for the determination of the promptness of voluntary payment and validity and fairness of agreements. In addition, the board may require additional information as may be necessary to comply with a federal statute or regulation or any state statute.

(4) Upon the termination of the disability of the injured employe, or if the disability extends beyond a period of sixty (60) days, then also at the expiration of such period the employer shall make a supplementary report to the board on blanks procured from the board for the purpose.

Section 2. KRS 342.075 is amended to read as follows:

(1) The following persons shall be presumed to be wholly dependent upon a deceased employe:

(a) A surviving spouse upon a decedent whom the surviving spouse had not voluntarily abandoned at the time of the accident, or who having been abandoned by the decedent has not engaged in such conduct since his abandonment as would at common law constitute grounds justifying the abandonment of such wife by her husband or such husband by his wife;

(b) A child or children under the age of sixteen (16) years, or over sixteen (16) years if incapacitated from wage earning, upon the parent with whom such child or children are living, or by whom actually supported, or from whom support is legally required by judgment of a court, at the time of the accident.

(2) In all other cases the relation of dependency in whole or in part shall be determined in accordance with the facts of each case existing at the time of the accident.

(3) No person shall be considered a dependent in any degree unless he is living in the household of the employe at the time of the accident, or unless such person bears to the employe the relation of father, mother, husband, or wife, father-in-law or mother-in-law, grandfather or grandmother, child or grandchild, or brother or sister of the whole or half blood *and is actually dependent*.

Section 3. KRS 342.120 is amended to read as follows:

(1) A claimant may in the original application for benefits, or either party may by motion while the case is pending, accompanied by proper allegations, and the board shall upon its own motion at any time before the rendition of the final award, cause the special fund to be made a party to the proceedings if either or both of the following appears:

(a) The employe is disabled, whether from a compensable injury, occupational disease, pre-existing disease, or otherwise, and has received a subsequent compensable injury by accident, or has developed an occupational disease;

(b) The employe is found to have a dormant non-disabling disease or condition which was aroused or brought into disabling reality by reason of a subsequent compensable injury by accident or an occupational disease.

(2) When the special fund has been made a party the board shall direct the procedures provided in KRS 342.121.

(3) If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) of this section and a subsequent compensable injury or occupational disease has resulted in additional permanent disability so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, the employer shall be liable only for the degree of disability which would have resulted from the latter injury or occupational disease had there been no pre-existing disability or dormant, but aroused disease or condition.

(4) The remaining compensation for which such resulting condition would entitle the employe, including any compensation for disability resulting from a dormant disease or condition aroused into disabling reality by the injury or occupational disease, but excluding all compensation which the provisions of this chapter would have afforded on account of prior disabling disease or injury had it been compensated thereunder, shall be paid out of the special fund provided for in KRS 342.122. Such remaining compensation shall be paid directly to the employe by the carrier or self-insured employer who is liable for compensation under subsection (3) of this section, and the carrier or self-insured employer shall be reimbursed for such payments from the special fund on a quarterly basis and under such regulations as the board may provide for such purpose.

(5) *In making the computation for the apportionment of benefits under subsections (3) and (4) of this section, the board shall first determine the amount of the employe's weekly income benefits; exclude from the award the percentage thereof attributable to the pre-existing active disability or the prior disabling injury, disease or condition; and apportion the balance between the employer and special fund as provided in subsections (3) and (4) of this section.* [If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) of this section, and a subsequent compensable injury or occupational disease has resulted in additional permanent disability, so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, and when applying the formula for income benefits to the employer's and special fund's percentage of disability, and the income benefits exceed the limitation contained in KRS 342.740, then in that event the special fund's and employer's liability shall be reduced proportionately to the point where the shares of each, when combined, do not exceed the limitation established by KRS 342.740.]

Section 4. KRS 342.125 is amended to read as follows:

(1) Upon its own motion or upon the application of any party interested and a showing of change of conditions, mistake or fraud or newly discovered evidence, the board may at any time review any award or order, ending, diminishing or increasing the compensation previously awarded, within the maximum and minimum provided in this chapter, or change or revoke its previous order, sending immediately to the parties a copy of its subsequent order or award. Review under this section shall be had upon notice to the parties interested and *in the same manner as provided for an initial proceeding hereunder but* shall not affect the previous order or award as to any sums already paid thereunder. However, the employer shall not suspend the payment of benefits during the pendency of any reopening procedures.

(2) Where an agreement has become an award by approval of the board, and a review of such an award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the board as an admission against the interests of any party. The parties may raise any issue upon review of this type of award which could have been considered upon an original application for benefits.

Section 5. KRS 342.140 is amended to read as follows:

[Except as otherwise provided in this chapter,] The average weekly wage of the injured employe at the time of the injury or last injurious exposure shall be [taken as the basis upon which to compute compensation and shall be] determined *as follows:* [according to this section and KRS 342.143.]

(1) If at the time of the injury which resulted in death or disability or the last date of injurious exposure preceding death or disability from an occupational disease:

(a) The wages were fixed by the week, the amount so fixed shall be the average weekly wage;

(b) The wages were fixed by the month, the average weekly wage shall be the monthly wage so fixed multiplied by twelve (12) and divided by fifty-two (52);

(c) The wages were fixed by the year, the average weekly wage shall be the yearly wage so fixed divided by fifty-two (52);

(d) The wages were fixed by the day, hour, or by the output of the employe, the average weekly wage shall be the wage most favorable to the employe computed by dividing by thirteen (13) the wages (not including overtime or premium pay) of said employe earned in the employ of the employer in the first, second, third, or fourth period of thirteen (13) consecutive calendar weeks in the fifty-two (52) weeks immediately preceding the injury.

(e) The employe had been in the employ of the employer less than thirteen (13) calendar weeks immediately preceding the injury, his average weekly wage shall be computed under paragraph (d), taking the wages (not including overtime or premium pay) for such purpose to be the amount he would have earned had he been so employed by the employer the full thirteen (13) calendar weeks immediately preceding the injury and had worked, when work was available to other employes in a similar occupation.

(f) The hourly wage has not been fixed or cannot be ascertained, the wage for the purpose of calculating compensation shall be taken to be the usual wage for similar services where such services are rendered by paid employes.

(2) In occupations which are exclusively seasonal and therefore cannot be carried on throughout the year, the average weekly wage shall be taken to be one-fiftieth (1/50) of the total wages which the employe has earned from all occupations during the twelve (12) calendar months immediately preceding the injury.

(3) In the case of volunteer firemen, police, and civil defense members or trainees, the income benefits shall be based on the average weekly wage in their regular employment.

(4) If the employe was a minor, apprentice or trainee when injured, and it is established that under normal conditions his wages should be expected to increase during the period of disability, that fact may be considered in computing his average weekly wage.

(5) When the employe is working under concurrent contracts with two (2) or more employers and the defendant employer has knowledge of such employment prior to the injury, his wages from all such employers shall be considered as if earned from the employer liable for compensation.

(6) The term "wages" as used in this section and KRS 342.143 means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, and fuel or similar advantage received from the employer, and gratuities received in the course of employment from others than the employer to the extent such gratuities are reported for income tax purposes.

(7) The board shall, from time to time, based upon the best available information, determine by regulation industries which ordinarily do not have a full working day for five (5) days in every week. In such industries compensation shall be computed at the average weekly wage earned by the employe at the time of injury reckoning wages as earned while working full time. "At full time" as used herein means a full working day for five (5) working days in every week regardless of whether the injured employe actually worked all or part of the time.

Section 6. KRS 342.150 is amended to read as follows:

Whenever compensation has been paid for not less than six months, thereafter, on the application of *all parties* [either party and upon notice to the other party,] in any case where the board determines that it will be for the best interests of *all parties* [either party] and will not subject the employer or his insurer to an undue risk of overpayment, future payments of compensation or any part thereof may be commuted to a lump sum of an amount which will equal the total sum of the probable future payments so commuted, discounted at four percent true discount compounded annually on each payment. Upon payment of such lump sum all liability for the payments therein commuted shall cease.

Section 7. KRS 342.155 is amended to read as follows:

Whenever the board considers it expedient, any lump sum which is paid as provided in KRS 342.150 hereof shall be paid to any suitable person appointed by the *district court* [county judge/executive] of the county of the residence of the injured employe or of his dependents as trustee to administer or apply the same for the benefit of the person or persons entitled thereto. The receipt of such trustee for the amount so paid to him shall discharge the employer and his insurer. Except as otherwise herein specifically provided, the manner of qualification and the rights, duties and liabilities of such trustee shall be determined by the general laws of this state.

Section 8. KRS 342.185 is amended to read as follows:

No proceeding under this chapter for compensation for an injury or death shall be maintained unless a notice of the accident shall have been given to the employer as soon as practicable after the happening thereof and unless *an application for adjustment of claim* [a claim] for compensation with respect to such injury shall have been made *with the board* within two (2) years after the date of the accident, or in case of death, within two (2) years after such death, whether or not a claim has been made by the employe himself for compensation. Such notice and such claim may be given or made by any person claiming to be entitled to compensation or by someone in his behalf. If payments of compensation as such have been made voluntarily the *filing of an application for adjustment of claim with the board* [making of a claim] within such period shall not be required, but shall become requisite within one (1) year following the suspension of such voluntary payments or within two (2) years of the date of the accident, whichever is later.

Section 9. KRS 342.205 is amended to read as follows:

(1) After an injury and so long as compensation is claimed, the workman, if requested by *a party* [his employer] or by the board, shall submit himself to examination, at *a* reasonable time and *place* [places], to a duly qualified physician or surgeon designated and paid by the *requesting party* [employer]. The employe shall have the right to have a duly qualified physician or surgeon designated and paid by himself present at such examination, but this right shall not deny the *requesting party's* [employer's] physician or surgeon the right to *examine* [visit] the injured employe at all reasonable times and under all reasonable conditions.

(2) Any employe receiving benefits under this Act may be required, upon request of any party, to furnish a sworn affirmed statement of earnings and such other supporting information as the board may require.

(3) The board shall supply forms for such report.

(4) If an employe refuses to submit himself to or in any way obstructs such examination his right to take or prosecute any proceedings under this chapter shall be suspended until such refusal or obstruction ceases. No compensation shall be payable for the period during which the refusal or obstruction continues.

Section 10. KRS 342.285 is amended to read as follows:

(1) An award or order of the board as provided in KRS 342.275, if petition for reconsideration is not filed as provided for in KRS 342.281, shall be conclusive and binding as to all questions of fact, but either party may within twenty days after the rendition of such final award or order of the board, by petition appeal to the circuit court that would have jurisdiction to try an action for damages for the injuries if this chapter did not exist, for the review of such order or award, the board and the adverse party being made respondents. The board shall be named respondent as the workmen's compensation board, and service shall be had on the director.

(2) The petition shall state fully the grounds upon which a review is sought, and assign all errors relied on. Summons shall issue upon the petition directing the adverse party to file answer and cross-appeal, if appropriate, within twenty days after service thereof and directing the board to send its entire original record, properly bound, to the clerk of the circuit court, after certifying that such record is its entire original record, which shall be filed by the clerk of the circuit court and such record shall then become and be considered by the circuit court on the review.

(3) No new or additional evidence may be introduced in the circuit court except as to the fraud or misconduct of some person engaged in the administration of this chapter and affecting the order, ruling or award, but the court shall otherwise hear the cause upon the record as certified by the board and shall dispose of the cause in summary manner *as in the case of all other appeals to the circuit court.* [The court shall not substitute its judgment for that of the board as to the weight of evidence on questions of fact, its review being limited to determining whether or not:

(a) The board acted without or in excess of its powers;

(b) The order, decision, or award was procured by fraud;

(c) The order, decision, or award is not in conformity to the provisions of this chapter;

(d) The order, decision, or award is clearly erroneous on the basis of the reliable, probative, and material evidence contained in the whole record; or

(e) The order, decision, or award is arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.]

(4) The board and each party may appear in such review proceedings; the court shall enter judgment affirming, modifying or setting aside the order, decision or award, or in its discretion remanding the cause to the board for further proceedings in conformity with the direction of the court. The court may, before judgment and upon a sufficient showing of fact, remand the cause to the board.

(5) The appeal shall be advanced on the circuit court docket without motion or notice.

Section 11. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973 shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) (a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include x-ray examinations. However, the failure of an x-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer and the special fund.

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative, shall be furnished a copy of said medical report within a reasonable time.

5. Within *ninety (90)* [sixty (60)] days of the *receipt of notice by the employer of the* filing of the claim, the employer, the special fund, and any other interested party shall notify the board and the claimant whether or not the claim will be resisted. If the claim is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the workmen's compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period, unless a claim therefor be filed with the workmen's compensation board within three (3) years after such death; provided, however, that notice of such claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. Provided, however, that the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be the same as provided for accidental injury or death under the general provisions of the workmen's compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within 20 years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the workmen's compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for 10 years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic dust disease of the lung which (a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization, (b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, or (c) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) if diagnosis had been made in the manner prescribed in paragraph (a) or (b), then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the board when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13) (a) The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for [non-coal worker's] silicosis and any other compensable pneumoconiosis, shall

be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and 75 percent shall be paid by the special fund and 25 percent by the employer for all claims filed thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for [non-worker's] silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty percent (60%) of the compensation due and the special fund shall be liable for forty percent (40%) of the compensation due. Provided, however, that when there is a joint award against the carrier or self-insured employer and the special fund under this section, all of the compensation awarded shall be paid from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis and under such regulations as the board may provide for such purpose.

(b) In all claims for compensation partially payable by the special fund the commissioner of labor, as custodian of said fund, shall be designated as codefendant.

(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor, as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; provided, however, that where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.

Section 12. KRS 342.350 is amended to read as follows:

(1) In order to comply with KRS 342.340 groups of employers may form, either among themselves or with employers in other states, mutual insurance associations or reciprocal or interinsurance exchanges subject to the insurance laws of this state and such reasonable conditions and restrictions not inconsistent therewith as may be fixed by the board. Membership in such mutual insurance associations or reciprocal or interinsurance exchanges so approved, together with evidence of the payment of premiums due, shall be evidence of compliance with KRS 342.340.

(2) The board may, except as provided in subsection (3), require any mutual insurance association or reciprocal or interinsurance exchange to purchase an annuity or to effect reinsurance with a company authorized to transact insurance in this state or to make such deposit with a bank or trust company of this state as shall in either case be approved by the board for the purpose of fully securing the payment of all deferred instalments upon any claim for compensation.

(3) Any mutual insurance association or reciprocal or interinsurance exchange possessing a surplus of at least one hundred thousand dollars ($100,000) and not less in amount than the capital required of a domestic stock insurance company transacting the same kind of insurance, shall not be required to purchase an annuity or effect reinsurance with a company authorized to transact insurance in this state or to make such a deposit with a bank or trust company of this state for the purpose of fully securing the payment of all deferred instalments upon any claim for compensation.

(4) In addition, the board, under rules and regulations as it *shall* [may] prescribe, may permit two (2) or more employers to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as self-insurers [and each employer member of such approved group shall be classified as a self-insurer as defined under this chapter]. Employers securing certification as group self-insurers are regulated by the rules and regulations drawn by the workmen's compensation board and are not to be in any way subject to the provisions of subsections (1), (2), and (3) of this section; provided, however, that the Governor may assign the regulatory authority under this subsection to another board or agency pursuant to KRS 12.025.

Section 13. KRS 342.445 is amended to read as follows:

(1) For the purposes of this section and for those of KRS 342.122, KRS 342.450, KRS 342.455, KRS 342.460, KRS 342.465, and KRS 342.470, the term "insurance carrier" shall include every group of self-insurers operating under the provisions of KRS 342.350(4) and the term "premium" shall include any and all assessments levied on its members by such a group or contributed to it by the members thereof.

(2) Every insurance carrier including the parties to any interindemnity contract or reciprocal plan or scheme, insuring employers in this state against liability for personal injuries to their employes, or death caused thereby under this chapter, shall pay a tax upon the premium received, whether in cash or notes, in this state or on account of business done in this state, for such insurance in this state, at the rate of two per cent (2%) of the amount of the premium. This tax shall be in lieu of all other taxes on such premiums. It shall be assessed and collected as provided in KRS 342.450. Such insurance carriers shall be credited with all canceled or returned premiums, including dividends paid or credited to policyholders, and with premiums received for reinsurance assumed from companies authorized and licensed to transact business in this state.

Section 14. KRS 342.620 is amended to read as follows:

As used in this chapter unless the context otherwise requires:

(1) "Injury" means any work related harmful *physical* change in the human organism, *arising out of and in the course of employment* including damage to or loss of a prosthetic appliance, but does not include any communicable disease unless the risk of contracting such disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3)[(a)] *An occupational* [A] disease *as defined in this section* shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The *occupational* disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. *An occupational* [The] disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4)[(b)] "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(5)[(3)] "Death" means death resulting from an injury or occupational disease.

(6)[(4)] "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

(7)[(5)] "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employes covered by this chapter.

(8)[(6)] "Department" means the department of labor.

(9)[(7)] "Director" means the director of the workmen's compensation board.

(10)[(8)] "Board" means the workmen's compensation board.

(11)[(9)] "Disability" means [, except for purposes of KRS 342.730(1)(c) relating to scheduled losses,] a decrease of wage earning capacity due to injury or loss of ability to compete to obtain the kind of work the employe is customarily able to do, in the area where he lives, taking into consideration his age, occupation, education, effect upon employe's general health of continuing in the kind of work he is customarily able to do, and impairment or disfigurement.

(12)[(10)] "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(13)[(11)] "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(14)[(12)] "Compensation" means all payments made under the provisions of this chapter representing the sum of income benefits and medical and related benefits.

(15)[(13)] "Medical services" means medical, surgical, dental, hospital, nursing and medical rehabilitation services, medicines, and fittings for artificial or prosthetic devices.

(16)[(14)] "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, or legal representative thereof.

(17)[(15)] "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(18)[(16)] "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19)[(17)] "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(20)[(18)] "United States" when used in a geographic sense, means the several states, the District of Columbia, the commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(21)[(19)] "Alien" means a person who is not a citizen, a national or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

[(20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-⅔ percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the applicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.]

Section 15. KRS 342.710 is amended to read as follows:

(1) One of the primary purposes of this chapter shall be restoration of the injured employe to gainful employment. To this end there is hereby created a rehabilitation panel which shall be composed of the director and specialists in medical and vocational rehabilitation to be appointed by the board.

(2) The panel shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public. The board in consultation with the panel, shall approve as qualified such facilities, institutions and physicians as are capable of rendering competent rehabilitation service to seriously injured employes. No facility or institution shall be considered as qualified unless it is specifically equipped to provide rehabilitation services for persons suffering either from some specialized type of disability or general type of disability within the field of occupational injury and is staffed with trained and qualified personnel, and with respect to physical rehabilitation, unless it is supervised by a physician qualified to render such service. No physician shall be considered qualified unless he has had the experience and training specified by the board.

(3) An employe who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services *for whatever period of time necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable.* When as a result of the injury he is unable to perform work for which he has previous training or experience, he shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. *In all such instances, the board shall inquire whether* [If] such services *have been* [are not] voluntarily offered and accepted.[,] The board on its own motion, or upon application of *any party* [the employe, employer] or carrier, after affording the parties an opportunity to be heard [by the panel], may refer the employe to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment or training necessary and appropriate to render him fit for a remunerative occupation. Upon receipt of such report, and after affording the parties an opportunity to be heard by the panel, the board, in consultation with the panel, may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service he may deem necessary, be provided at the expense of the *defendants as apportioned in the award* [employer]. Vocational rehabilitation training, treatment or service shall not extend for a period of more than *fifty-two (52)* [26] weeks except in unusual cases when by special order of the board, after hearing *and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical and justifiable*, the period may be extended for additional periods.

(4) Where rehabilitation requires residence at or near the facility or institution, away from the employe's customary residence, reasonable cost of his board, lodging or travel shall be paid for by the *defendants* [employer].

(5) Refusal to accept rehabilitation pursuant to an order of the board shall result in a 50 percent loss of compensation for each week of the period of refusal.

(6) The board and the rehabilitation panel shall cooperate on a reciprocal basis with the Kentucky Bureau of Rehabilitation Services of the Department of Education and the Employment Services of the Kentucky Department of Economic Security.

Section 16. KRS 342.730 is amended to read as follows:

(1) Income benefits for disability shall be paid to the employe as follows[, subject to the maximum and minimum limits specified in KRS 342.740]:

(a) For total disability, sixty-six and two-thirds percent (66 ⅔%) of *the employe's* [his] average weekly wage *but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740* during such disability.

(b) *For permanent, partial disability, sixty-six and two-thirds percent (66 ⅔%) of the employe's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by his percentage of disability caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American medical association, 1977 edition, or by his percentage of disability as determined under KRS 342.620 (11), whichever is greater, for a maximum period, from the date the disability arises, of four hundred and twenty-five (425) weeks, but such benefits shall not be paid after the employe becomes eligible for normal old age benefits under the federal old age, survivors and disability insurance act. Any temporary total disability period within the maximum period for permanent, partial disability benefits shall not extend the maximum period nor make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section.* [In all other cases of permanent partial disability, including any disfigurement which will impair the future usefulness or occupational opportunities of the injured employe, or employe disabled by an occupational·disease, income benefits shall be determined according to the percentage of disability, taking into account, among other things, any previous disability, the nature of the physical injury or disfigurement, the occupation of the injured employe and age at the time of injury or at the time the disability from an occupational disease began. The income benefits paid therefor shall be 66 ⅔ per cent of the average weekly earnings of the employe at the time of his injury, subject to the limitations contained in KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease.] Notwithstanding any section of KRS Chapter 342 to the contrary, there shall be no minimum weekly income benefit for permanent partial disability.

[(c) For total permanent bodily loss or losses herein scheduled, after and in addition to the income benefits payable during the period of recovery, scheduled income benefits in the amount of sixty-six and two-thirds percent (66 ⅔%) of the average weekly wage as follows:

	BODILY LOSS	WEEKS OF DISABILITY

2.	Leg	340
3.	Hand	312
4.	Foot	216
5.	Thumb	86
6.	Index finger	54
7.	Middle finger	43
8.	Ring finger	22
9.	Little finger	16
10.	Great toe	30
11.	Second toe	20
12.	Third toe	15
13.	Fourth toe	8
14.	Fifth toe	5
15.	Total loss of binaural hearing	156
16.	Total loss of vision of one eye	150
17.	Total loss of bilateral vision	520
18.	Total loss, or total loss of use, of both hands, both arms, both feet or both legs	520

19. Phalanges: For loss of distal phalanx, one-half of the income benefits for loss of the entire digit. For loss of more than the distal phalanx of a digit, the same as loss of the entire digit.

20. Two or more digits: For loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot, scheduled income benefits may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the scheduled income benefits for loss of a hand or foot.

21. Total loss of use: Scheduled income benefits for permanent total loss of use of a member shall be the same as for loss of the member.

22. Partial loss or partial loss of use: Scheduled income benefits for permanent partial loss of use of a member shall be for a period proportionate to the period benefits are payable for total loss or total loss of use of the member as such partial loss bears to total loss.

23. Loss of hearing or partial loss of bilateral vision: Scheduled income benefits for partial loss of vision in one or both eyes, or total loss of hearing in one ear, or partial loss of hearing in one or both ears shall be for a period proportionate to the period benefits are payable for total bilateral loss of vision or total binaural loss of hearing as such partial loss bears to total loss. The provisions of paragraphs (d) to (h) of subsection (2) of this section shall apply to scheduled losses of hearing.

24. In any case in which there shall be a loss or loss of use of more than one member or parts of more than one member set forth in subparagraphs 1. to 23. of this subsection, scheduled income benefits shall be for the loss of use of each such member or part thereof, with the periods of benefits to run consecutively.

25. Other losses: Proper and equitable scheduled income benefits shall be paid for serious permanent disfigurement of face, head, neck or other area normally exposed and for loss or loss of function of a major member or organ when such disfigurement or loss is of a kind likely to handicap the employe in securing or holding employment.

26. In any case of total or partial loss of use of a member or organ, of hearing or vision, or in any case of disfigurement, determination of the period for which scheduled income benefits are payable shall not be made until the maximum of healing and of restoration function has been attained.

27. If the board finds as a fact that the effects of any of the injuries, or disabilities, from occupational diseases, or losses, mentioned in this section adversely affect a workman's ability to labor, or limit his occupational opportunities to obtain the kind of work he is customarily able to do; his compensation benefits shall not be limited to the amounts provided by this section, and he shall be awarded compensation benefits under some other applicable or appropriate section of this chapter which would provide more compensation benefits for his disability.

(2) Occupational deafness means permanent partial or permanent total loss of hearing of one or both ears caused by prolonged exposure to harmful noise in employment. The following provisions shall apply exclusively to loss of hearing compensable under this subsection:

(a) No claim for scheduled income benefits shall be heard until the lapse of six full consecutive calendar months after the termination of exposure to harmful noise in employment. The time limitation for the filing of claims for occupational deafness shall not begin to run earlier than the day following the termination date of such six months' period. The time for filing claim as provided under this paragraph shall be applicable not only in respect of the last employer, but also in respect of any prior employer who may have liability to pay compensation for the occupational deafness.

(b) No employer shall be liable for the payment of scheduled income benefits for occupational deafness unless the employe claiming benefits shall have worked for such employer in employment exposing the employe to harmful noise for a total period of at least 90 days.

(c) An employer, otherwise liable under this subsection, whose employment has contributed to any extent to an employe's occupational deafness shall be liable for the full extent of the deafness of the employe, unless such employer shall establish by competent evidence (including the results of a professionally controlled hearing test) the extent of the employe's deafness as it existed prior to exposure to harmful noise in the employer's employment. Upon such showing the employer shall be liable to the employe only for the proportion of the deafness attributable to employment by him. An employer liable to the employe for the full extent of the employe's occupational deafness may implead, in a compensation proceeding on the employe's claim, any prior employer or employers in whose employment the employe had been exposed to harmful noise, and if it should be found that the impleaded employer would have been liable to the employe under this subsection, had the employe proceeded against him, under the claim being adjudicated, the employer held liable shall be entitled to an award against the impleaded employer. The impleading of an employer shall be accomplished by notice on a form prescribed by the board. Such notice shall be sent to the impleaded employer and to the board. An award may be made in favor of the employer liable to the employe, and against the impleaded employer or employers, which award may be enforced in the same manner as awards to employes. The impleaded employer or employers shall bear equal shares with the employer of the employer's liability to the employe, unless the evidence warrants a different apportionment.

(d) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1,000, and 2,000 cycles per second. Loss of hearing ability for frequency tones above 2,000 cycles per second are not to be considered as constituting disability for hearing.

(e) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, and 2,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 15 decibels or less in the three frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 82 decibels or more in the three frequencies, then the same shall constitute and be a total or 100 percent compensable hearing loss.

(f) In measuring hearing impairment, the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 15 decibels an allowance of one and one-half percent shall be made up to the maximum of 100 percent which is reached at 82 decibels.

(g) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment.

(h) Before determining the percentage of hearing impairment, in order to allow for the average amount of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employe's age over 40 at the time of last exposure to industrial noise.

(i) No consideration shall be given to the question of whether or not the ability of an employe to understand speech is improved by the use of a hearing aid.]

(2)[(3)] The period of any [scheduled] income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if [scheduled] income benefits in both cases are for disability of the same member or function,

or different parts of the same member or function, and the [scheduled] income benefits payable on account of the subsequent disability in whole or in part would duplicate the [scheduled] income benefits payable on account of the pre-existing disability.

(3)[(4)] When an employe, who has sustained disability compensable under this section, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children, one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.

Section 17. KRS 342.740 is amended to read as follows:

(1) [The minimum weekly income benefits for disability shall not be less than 20 percent (computed to the next higher multiple of $1.00) and the maximum weekly income benefit shall not exceed 60 percent (computed to the next higher multiple of $1.00) of the average weekly wage of the state as defined herein. In any event, income benefits shall not exceed the average weekly wage of the injured employe.

(2)] For the purposes of this chapter the average weekly wage of the state shall be determined by the board as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky Unemployment Insurance law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve). The average annual wage thus obtained shall be divided by 52 and the average weekly wage thus determined rounded to the nearest cent. Such average weekly wage shall be certified to the board by the department for human resources in a manner prescribed by the board by regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disablement in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination.

(2)[(3)] Whenever a change in the average weekly wage of the state is of such amount that the minimum weekly income benefits for total disability or death are increased or decreased by $1.00 or more, or the maximum weekly income benefits for total disability or for death are increased or decreased by $2.00 or more computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect the increase or decrease, but no change in such limitations shall otherwise be made.

SECTION 18. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The board shall establish rules and regulations to expedite the payment of temporary total disability and medical expense benefits.

SECTION 19. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

On the effective date of this Act, the average insurance rate level for workers' compensation benefits required by this chapter shall be reduced by not less than twenty-seven percent (27%) from the average rate level in effect immediately prior to such date. Such reduced rates shall remain in effect for at least one (1) year. There shall be no exception to the requirements of this section unless the commissioner of insurance shall find that an intervening statutory change has caused such rates to be inadequate as defined under Chapter 304 of the Kentucky Revised Statutes. In such event, the commissioner may call for a public hearing pursuant to KRS 304.13 to determine an appropriate rate level.

SECTION 20. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 342.730, during the period the employe is eligible for permanent total disability benefits and is actively participating in a vocational or physical rehabilitation program, pursuant to a board order, the employe's benefits shall be calculated by taking eighty percent (80%) of *his average weekly wage, but not more than one hundred percent (100%) of the state's average weekly wage, times the percentage of disability as determined in this chapter.*

SECTION 21. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

On the effective date of this Act, any unfunded liability in the coal workers' pneumoconiosis fund shall be assumed by the special fund.

SECTION 22. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 23. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The reviser of statutes is directed to change the words "workmen's compensation" to "workers' compensation" wherever they appear in the Kentucky Revised Statutes.

SECTION 24. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

This Act shall be effective July 15, 1980; provided, however, that in the event federal law specifies that claims covered by provisions of this Act may be filed with a federal agency such claims shall continue to be filed as provided by the federal law until repeal or expiration of the federal law providing same; then, in that event, the increase in benefits provided by KRS 342.730 shall not apply to those claims where benefits are payable under the federal law, but the benefits shall be sixty-six and two-thirds percent (66 3/3%) of the employe's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined in KRS 342.740.

Section 25. The following sections of the Kentucky Revised Statutes are repealed:
342.004 Liberal construction of chapter — Presumption in case of pneumoconiosis or silicosis.
342.186 Notifying employe of statute of limitations.
342.317 Coal miners' pneumoconiosis fund.

The boundaries of any city other than a city of the first class shall remain as established by law until changed as provided in KRS chapter 81. The legislative body of any city other than a city of the first class may annex any city or portion of any city of the second through sixth class, or unincorporated territory or reduce the boundaries of the city under the provisions of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 81 IS CREATED TO READ AS FOLLOWS:

(1) A city legislative body may extend the city's boundaries to include any area:

Section 1. KRS 132.020 is amended to read as follows:

(1) An annual ad valorem tax for state purposes of thirty-one and one-half (31-½) cents upon each one hundred dollars ($100) of value of all real property directed to be assessed for taxation, and one and one-half (1-½) cents upon each one hundred dollars ($100) of value of all privately-owned leasehold interests in industrial buildings, as defined under KRS 103.200, owned and financed by a tax-exempt governmental unit, or tax-exempt statutory authority under the provisions of KRS Chapter 103 directed to be assessed for taxation, and one and one-half (1-½) cents upon each one hundred dollars ($100) of value of all tobacco directed to be assessed for taxation, and twenty-five (25) cents upon each one hundred dollars ($100) of value of all money in hand, shares of stock, notes, bonds, accounts and other credits, whether secured by mortgage, pledge or otherwise, or unsecured, except as otherwise provided in subsection (2) of this section, and one and one-half (1-½) cents upon each one hundred dollars ($100) of value of unmanufactured agricultural products, one-tenth of one cent ($.001) upon each one hundred dollars ($100) of value of all farm implements and farm machinery owned by a person actually engaged in farming and used in his farm operations, one-tenth of one cent ($.001) upon each one hundred dollars ($100) of value of all livestock and domestic fowls, fifteen (15) cents upon machinery and products in course of manufacture, of individuals or corporations actually engaged in manufacturing, and their raw material actually on hand at their plant for the purpose of manufacture, fifteen (15) cents upon commercial radio, television and telephonic equipment directly used or associated with electronic equipment which broadcasts electronic signals to an antenna, fifteen (15) cents upon property which has been certified as a pollution control facility as defined in KRS 224.850, and forty-five (45) cents upon each one hundred dollars ($100) of value of all other property directed to be assessed for taxation shall be paid by the owner or person assessed except as provided in subsection (2) of this section and KRS 132.030, 132.050, 132.200, 136.270, 136.300, 136.320 and other sections providing a different tax rate for particular property.

(2) An annual ad valorem tax for state purposes of one and one-half (1 ½) cents upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when such intangible personal properties have not acquired a taxable situs without this state:

(a) Accounts receivable, notes, bonds, credits, nondomestic bank deposits, and any other intangible property rights arising out of or created in the course of regular and continuing business transactions substantially performed outside this state.

(b) Patents, trademarks, copyrights and licensing or royalty agreements, relating thereto.

(c) Shares of capital stock of any affiliated company as defined in subsection (3) of this section and notes, bonds, accounts receivable and all other intercompany intangible personal property due from such company.

(3) "Affiliated company" shall mean a parent corporation or subsidiary corporation, as defined in KRS 141.205(3), and any corporation principally engaged in business outside the United States in which the owner or the person assessed directly or indirectly owns or controls not less than ten per cent (10%) of the outstanding voting stock.

(4) With respect to the intangible properties taxed pursuant to subsection (2) of this section, no other ad valorem tax shall be levied by the state or any county, city, school or other taxing district on such intangible properties, or directly or indirectly against the owner with respect thereto.

(5) Unmined coal and any interest therein, in whatever form held, including, but not limited to, leasehold and royalty interests shall be taxed at the rate of one-tenth of one cent ($.001) per one hundred dollars of assessed value.

(6) Thirty (30) cents of the thirty-one and one-half (31 ½) cents state tax rate on real property and thirty (30) cents of the forty-five (45) cents state tax on tangible personalty subject to local taxation shall

be considered as local school district tax levies for purposes of computing any direct payments of state or federal funds to said districts as replacement for ad valorem taxes lost on property acquired by a governmental agency. Should the equivalency ever be less than thirty (30) cents, as certified by the department of education, the direct payments shall be reduced proportionately.

(7) The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property to the extent that such increase exceeds the preceding year's assessment by more than four percent (4%). In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

(8) By July 1 each year, the department of revenue shall compute the state tax rate applicable to real property for the current year in accordance with the provisions of KRS 132.020(6) and certify the rate to the county clerks for their use in preparing the tax bills. In the event the assessments for all counties have not been certified by July 1, the department shall, when real property assessments *of* [equaling] at least seventy-five percent (75%) of the *total number of counties of the Commonwealth* [estimated total value of the real property assessments] have been certified, make an estimate of the *real property assessments of the* uncertified *counties* [amount] and compute the state tax rate.

(9) In the event that the tax rate set by the department as provided in subsection (8) of this section produces more than a four percent (4%) increase in real property tax revenues, the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase shall not exceed four percent (4%) per year.

Section 2. KRS 132.450 is amended to read as follows:

(1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except as provided in paragraph (g) of subsection (2) of this section. In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property. The property of one (1) person shall not be assessed wilfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.

(2)(a) On or before *March* [April] 1 of any year the owner or owners of land devoted exclusively to agricultural or horticultural use on which the property valuation administrator has placed a value in excess of the agricultural or horticultural value may file application for valuation at the agricultural or horticultural value with the property valuation administrator of the county in which the land is located, on forms prescribed by the department. This application shall be valid until the property is transferred or the land use is changed; however, the owner may elect to have the subject property assessed as other than agricultural or horticultural land for any year or years by filing a statement to that effect with the property valuation administrator prior to the close of the five (5) day period beginning on the first Monday in June. In determining the total area of such land, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools or other areas devoted to family recreation. Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area and income of such land and not the area or income of land which is located in the particular county or taxing district.

(b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(c) Real property devoted to agricultural or horticultural use by any corporation other than one organized primarily for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(d) When the use of a part of a tract of land which is valued and taxed as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural classification for assessment and taxation shall not be impaired provided it meets the minimum requirements for such classification, except that land on which there has been established a systematic pattern of change of use over a period of two (2) years is excluded from the provisions of paragraph (g) of this subsection.

(e) The owner or owners of land shall not be liable for deferred taxes for any year in which the land was not assessed for agricultural or horticultural use under the provisions of paragraph (g) of this subsection.

(f) Where a change in land use occurs in any tax year the owner of such land shall be subject to the deferred tax provisions of subsection (1) of KRS 132.454 for each of the preceding two (2) tax years in which the land was valued and taxed for agricultural or horticultural purposes.

(g) When in the opinion of the property valuation administrator any land on which an application has been filed, has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.

(h) When an application for valuation of property as agricultural or horticultural is denied, the property valuation administrator shall cause written notice to be served on the property owner in the manner provided by subsection (4) of this section. The property owner may appeal such ruling to the county board of assessment appeals as provided in KRS 133.120 or in the case of a city or special district to the appropriate appeals body for the city or district.

(3) Notwithstanding any statutory provisions to the contrary, the provisions of this section and KRS 132.454 shall apply to the assessment and taxation of agricultural or horticultural land for state, county, city or special district purposes. Any city may by ordinance establish additional tax procedures which will enable it effectively to administer the provisions of this section and KRS 132.454.

(4) If the property valuation administrator assesses any property, except stocks and bonds at the market value listed in recognized publications, at a greater value than that listed by the taxpayer or assesses unlisted property, the property valuation administrator shall serve notice on the taxpayer of such action. The notice shall be given by first-class mail or as provided in the Kentucky Rules of Civil Procedure.

(5) Any taxpayer may designate on the property schedule any property which he does not consider to be subject to taxation, and it shall be the duty of the property valuation administrator to obtain and follow advice from the department relative to the taxability of such property.

Section 3. KRS 133.040 is amended to read as follows:

(1) The property valuation administrator shall complete the tax roll of all property in his county before the first Monday in May of each year in accordance with law, and on or before that date he shall file with the department of revenue, on blanks to be forwarded by the department, a recapitulation of all property assessed on said tax roll with his official certificate attached thereto. Such recapitulation shall show the assessment of property by types of property and by taxing districts. The property valuation administrator shall file with the department of revenue at the same time the schedules containing a list of the intangible personal property. Within thirty (30) calendar days after receiving the recapitulation the department of revenue shall direct the property valuation administrator to make any changes that are necessary to correct the assessment. The department of revenue shall preserve all recapitulations and schedules or a photographic facsimile thereof for a period of seven (7) years from the assessment date.

(2) At the time the property valuation administrator submits his property recapitulations to the department he shall submit a copy of the recapitulations to the city clerk of each city in the county using the property valuation administrator's tax roll, the county judge/executive in each county, the treasurer or chief officer of each special district in the county, the chief administrative officer of the urban county and the superintendent of each local school district in his county.

Section 4. KRS 133.045 is amended to read as follows:

(1) The tax roll shall be open for inspection in the property valuation administrator's office for *twelve (12)* [five (5)] days beginning on the *fourth* [first] Monday in *May* [June] of each year *and shall be open for inspection for six (6) days each week one (1) of which shall be Saturday.* In case of necessity, the department of revenue may order a reasonable extension of time for the inspection period of the tax roll or it may order that the inspection period be at a different time than that provided herein.

(2) The property valuation administrator shall cause to be published once during the week before the beginning of inspection period, as provided in subsection (1) of this section, in a display type advertisement, the following information:

(a) The fact that the tax roll is open for public inspection;

(b) The dates of the inspection period;

(c) The times available for public review of the tax roll; and

(d) Instructions which provide details on the manner in which a taxpayer may file an appeal, if he is aggrieved by an assessment made by the property valuation administrator.

[The property valuation administrator shall publish pursuant to KRS chapter 424, a notice as to the time of the inspection period.] The cost of such notice shall be paid by the fiscal court of the county. Such notice shall also be posted at the courthouse door. Failure to publish or post notices when the inspection period is at the regular time as provided in this section shall not invalidate assessments made by the property valuation administrator and recorded on the tax roll prior to the inspection period.

(3)[(2)] The tax roll shall be available to the public at reasonable times, other than that provided in subsection (1), and in a manner not unduly interfering with proper operation of the custodian's office and so long as the inspection of the roll or disclosure of information contained therein would not be detrimental to public interest or used for commercial or business purposes unrelated to property valuation and assessment.

Section 5. KRS 133.120 is amended to read as follows:

(1) Any taxpayer aggrieved by an assessment made by the property valuation administrator may appeal to the board of assessment appeals. *The taxpayer shall appeal his assessment by filing in person or sending* [, however, no appeals shall be accepted by the board of assessment unless] a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed and stating the taxpayer's opinion of the fair cash value of the property *with or to* [, shall be filed with] the county clerk within the *twelve* [five]-day period in which the inspection period [is held]. The board of assessment appeals may review and change any assessment made by the property valuation administrator upon recommendation of the department of revenue, county judge/executive, mayor of any city using the county assessment or the superintendent of any school district in which the property is located, provided, such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection (4) of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any property owner who has listed his property with the property valuation administrator at its fair cash value, likewise may ask the county board of assessment appeals to review the assessments of properties he believes to be assessed at less than fair cash value, providing, he specifies, in writing the individual properties for which the review is sought and factual information upon which his request is based; such as, comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The board shall report to the property valuation administrator any property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450(4), specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(3) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky board of tax appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and six percent (6%) interest from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky board of tax appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 6. KRS 133.125 is amended to read as follows:

(1) The county clerk, or an authorized deputy, shall act as clerk of the board of assessment appeals; and where additional board panels are appointed, as provided by law, one (1) authorized deputy shall act as clerk for each panel. An accurate record of the proceedings and orders of the board and of each of its authorized panels shall be kept and shall show the name of the owner of the property, the description, the type of property, the amount of the assessment the property valuation administrator placed on the property, and the amount of change made in the assessment by the board. A copy certified by the chairman of the board and attested by the county clerk shall be filed by the clerk with the property valuation administrator and with the department of revenue within five (5) days after the adjournment of the board.

(2) After receipt of the clerk's certification of the action of the board of assessment appeals, the property valuation administrator shall complete his rolls by adding to them all listings and assessments which he may have made after the rolls were open for inspection as provided in KRS 133.045 and making all adjustments ordered by the board, and he shall turn the rolls over to the clerk within ten (10) days after the board

adjourns. Whereupon the clerk shall make a recapitulation of the assessment by taxing districts and types of property and shall submit such recapitulation to the department of revenue not later than June 20 unless the time is extended by the department.

(3) The county clerk shall certify to the county judge/executive the number of days during which the board was in session, and the court shall enter this fact of record along with the amount due the board members for their services. On a presentation of a copy of the order, the executive department for finance and administration shall draw a warrant on the state treasurer in favor of the board members and clerk for the amount due for their services.

(4) The county clerk and any authorized deputies serving as clerk of the board or a panel thereof shall be allowed the same compensation per day for their services as is allowed to members of the board of their county, and they shall be paid in the same manner as members of the board are paid. The county clerk and his authorized deputies shall be allowed compensation for completing and filing the record of the board and for preparing the recapitulation in the same manner as allowed for their services while acting as clerk of the board or clerk of a panel of the board.

(5) The county clerk shall not permit property valuation assessments listed on the property tax roll to be amended after the recapitulation is submitted to the department of revenue.

Section 7. KRS 160.470 is amended to read as follows:

(1) Each district board of education shall prepare a general school budget on forms prescribed and furnished by the state board of education, showing the amount of money needed for current expenses, debt service, capital outlay, and other necessary expenses of the schools during the succeeding fiscal year, the estimated total amount that will be received from the common school fund and other sources, the assessed valuation of property subject to local taxation in the school district furnished as provided in subsection (3) of KRS 160.460, an estimate made by the department of revenue of public service company assessments and assessments of other property in the school district not furnished under the provisions of subsection (3) of KRS 160.460, and the amount that will be needed to be raised by local taxation, including the rate of levy necessary to raise such an amount.

(2) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in KRS 157.565. In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in KRS 157.565. In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in KRS 157.565, until the district board of education has complied with the provisions of subsection (10) of this section.

(4) The superintendent of public instruction shall certify to each district board of education, by June 30 of each year, the following:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(b) The compensating tax rate as defined in KRS 132.010 for a district's general tax rate, voted general tax rate, or voted building tax rate, and the amount of revenue expected to be produced by each;

(c) The general tax rate, voted general tax rate, or voted building tax rate which will produce, respectively, no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, and the amount of revenue expected to be produced by each.

(5) *Upon completion of action on property assessment data the department of revenue shall submit to the superintendent of public instruction, certified property assessment data as required in KRS 133.125.* [The net assessment growth and new property determined in accordance with KRS 132.010 and 132.015 shall be certified to the superintendent of public instruction by the department of revenue by June 15 of each year.]

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the state board of education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the state board of education if it is financially unsound or fails to provide for:

(a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or

(b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of the independent school district or county school district, as the case may be, by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300 and KRS 58.010 to 58.140, with the written approval of the state board of education, or fails to comply with the law; and the state board of education shall state its reason, or reasons, for such disapproval.

In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the state board of education for its final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(9) Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

(10) (a) A district board of education proposing to levy a general tax rate, voted general tax rate, or voted building tax rate within the limits of subsection (2) of this section which exceed the compensating tax rate defined in KRS 132.010, shall hold a public hearing to hear comments from the public regarding the proposed tax rate. (c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for such testimony.

(11)(a) That portion of a general tax rate, a voted general tax rate, or a voted building tax rate, except as provided in KRS 157.565, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, shall be subject to a recall vote or reconsideration by the district board of education, such as the case may be, as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

(1) If any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the department have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator, or where found necessary, the secretary shall after hearing (except as provided in KRS 224.071) order the suspension of a permit or operation. Such notice or order shall be handed to the person in charge of the operation, and the operator in person or served by certified mail, return receipt requested or by registered mail addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the department. The notice of noncompliance or order of suspension shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department *and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order*

applies. If the operator has not reached an agreement with the department or has not complied with the requirements set forth in the notice of noncompliance or order of suspension within time limits set therein, the permit may be revoked or the operation terminated, after hearing, by order of the department and the performance bond, if any, shall then be forfeited to the department, except as provided in subsection (2) of this section and in KRS 350.110.

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner does not desire or is unable to accomplish the work in the manner required by the department.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the department finds is adequate to reclaim such lands. The department shall not issue any additional permits to or allow future operations by any operator or person who has repeatedly been in noncompliance or violation of this chapter[, or who has had permits revoked or operations terminated on more than three (3) occasions].

Section 12. KRS 350.420 is amended to read as follows:

The operator shall minimize disturbances to the prevailing hydrologic balance at the mine-site and in associated offsite areas and to the quality and quantity of water in surface and ground water systems both during and after strip mining operations and during reclamation by:

(1) Avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(a) Preventing or removing water from contact with toxic producing deposits;

(b) Treating drainage to reduce toxic content which adversely affects downstream water upon being released to water courses; and

(c) Casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(2) Conducting strip mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow, or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal law;

(3) Constructing any siltation structures pursuant to subsection (2) of this section prior to commencement of strip mining operations, such structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(4) Cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the department, *however, settling ponds and siltation structures may be left and not removed if determined to be safe and written approval is granted by the department pursuant to its regulations*;

(5) Restoring recharge capacity of the mined area to approximate premining conditions;

(6) Avoiding channel deepening or enlargement in operations requiring the discharge of water from mines; and

(7) Such other actions as the department may prescribe.

Section 13. KRS 350.440 is amended to read as follows:

The operator shall place all excess spoil material resulting from strip mining and reclamation activities pursuant to KRS 350.445(2) in the following manner:

(1) Spoil is transported and placed in a controlled manner in position for concurrent compaction *(where advisable)* and in such a way as to assure mass stability and to prevent mass movement;

(2) The areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(3) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(4) The disposal area does not contain springs, natural water courses, or wet-weather seeps unless lateral drains are constructed from the wet area to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(5) If placed on a slope, the spoil is placed upon the most moderate slope among those upon which, in the judgment of the department, the spoil could be placed in compliance with all the requirements of this

chapter and shall be placed, where possible, upon, or above, a natural terrace, bench, or berm, if such placement provides additional stability and prevents mass movement;

(6) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(7) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(8) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(9) All other provisions of this chapter are met."

"Section 2. KRS 157.565 is amended to read as follows:

(1) Notwithstanding any statutory provisions to the contrary, the board of education of any district in any year in which the total school tax rate is less than the maximum rate supported by the district power equalization program [in that or the next subsequent school year], as provided for in KRS 157.555 and 157.560, shall have the authority to raise the maximum permissible local ad valorem tax rate as provided in KRS 160.470 to an amount [not to exceed ten cents ($.10) for the school year beginning on July 1, 1978,] and a rate not to exceed fifteen cents ($.15) [for the school year beginning July 1, 1979] after compliance with the following:

(a) The district board of education shall give notice of the proposed rate increase. Notice shall be given by causing to be published at least one (1) time in a newspaper of general circulation in the district, or in any other good faith manner if there is no such newspaper, the fact that such rate is being levied. Such advertisement shall state that the district board of education will meet at a place and on a date fixed in the advertisement, not earlier than one (1) week and not later than two (2) weeks from the date of the advertisement, for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.

(b) The order or resolution levying the school tax designated heretofore in this section shall go into effect not less than thirty (30) days [nor more than one hundred twenty (120) days] after its passage. If during the thirty (30) days immediately following the passage of the order or resolution a petition signed by a number of registered and qualified voters equal to twenty-five percent (25%) of the votes cast in the school district or combined taxing district levying the tax for the office receiving the greatest total vote at the last preceding presidential election is presented to the school board protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (c) of this section. Each sheet of the petition shall contain the names and addresses of voters in but one (1) voting precinct and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, number or designation of the district or ward wherein the precinct is situated. Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 116.155 or subsection (2) of KRS 116.045, as the case may be. If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The board or boards of registration in the county shall provide necessary and appropriate aid to the school board or boards so that the latter may make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(c) Thereupon, if it has been determined that the petition contains enough valid signatures to suspend the effect of the order or resolution, the county board of elections shall submit to the voters of the school district in which a valid recall petition has been filed pursuant to subsection (b) of this section at the next regular May or November election the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against". If a majority of the votes cast in a district upon the question oppose its passage, the order or resolution shall not go into effect in that district. If a majority of the votes cast in a district upon the question favor its passage, the order or resolution shall go into effect in that district. In the event that the election is to be held in more than one (1) school district within a county the votes shall be counted separately.

(2) In the event a school district tax rate is not sufficient to qualify the school district for matching funds from the power equalization fund under the provisions of KRS 157.545 through 157.575 and the school district does not elect to levy an additional ad valorem tax as provided for in subsection (1) of this section, school districts levying any of the permissive taxes provided for in KRS 160.482 through 160.648 may in accordance with regulations of the state board for elementary and secondary education recommended by the superintendent of public instruction substitute revenue from such levy to the extent that such revenue would match the maximum rate supported by the power equalization program."; and

(2) Section 2 of this Act shall not apply to a career employe who has become eligible for full, unreduced retirement benefits in a state-administered retirement system.

SECTION 2. A NEW SECTION OF KRS 18.110 to 18.360 IS CREATED TO READ AS FOLLOWS:

(1) Except as provided in subsection (2) of Section 1 of this Act, a career employe whose employment is terminated on or after January 1, 1980 by lay-off, dismissal, other than for cause, and, in the case of an unclassified management employe, lay-off, dismissal, other than for cause, or resignation, shall, upon his written request, be reemployed or placed on reemployment lists in accordance with this section and Section 3. of this Act. In addition, a career employe whose employment in an unclassified position is so terminated shall be granted status in the classified service, subject to subsection (5) of this section.

(2) If the career employe has previously attained status in a position in the classified service, he shall be offered employment in a position for which he is qualfied and which is at least equal in pay grade and step to the current pay grade and step of the highest-salaried position in the classified service in which he previously attained status.

(3) If the career employe has not previously attained status in the classified service or if he has attained status but no vacancy exists in a position to which subsection (2) of this section applies, the employe shall be placed on reemployment lists for any positions for which he is qualified.

(4) A career employe's qualifications for positions shall, for the purpose of this section, be determined without the administration of written or oral examinations to the employe if he has previously attained status in the classified service in that position.

For the purposes of this subsection, the term "appointing authority" as used in KRS 18.270 and KRS 18.272 shall mean the commissioner of personnel.

SECTION 3. A NEW SECTION OF KRS 18.110 to 18.360 IS CREATED TO READ AS FOLLOWS:

Orders of the Day (continued)

Representative Clapp filed the following Free Conference Committee Report on **SB 102:**

The Free conference committee has met as provided in the Rules of the House and the Senate and hereby reports the following to be adopted:

Amend General Assembly copy of **SB 102** on page 5, between lines 1 and 2, to add the following:

"Section 4. KRS 21.375 is amended to read as follows:

[If at the time] A person *who does not have eight (8) years of service in the judicial retirement system but who is a member of that system, or is a former member who has service credit therein in accordance with subsection (2) or (3) of KRS 21.460, shall become vested in the judicial retirement system for benefits attributable to the amount of his actual service credit therein if such service credit, when combined with service credit which he has in, or for which he is receiving benefits from, the Kentucky employes retirement system, county employes retirement system, state police retirement system or teachers retirement system, is equal to eight (8) years of service* [becomes a member of the judicial retirement system he has service credit in the Kentucky employes retirement system, county employes retirement system, state police retirement system, or teachers retirement system, the period of service for which he earned that credit shall be counted toward the eight (8) years of service required for vesting in the judicial retirement system, but shall not be counted as service for the purpose of computation of benefits].

Section 5. KRS 21.460 is amended to read as follows:

(1) If any member of the system ceases, other than by death or by disability retirement under KRS 21.410, to hold an office qualifying him for membership in the system established by KRS 21.350 to 21.480, without having *met the requirements for vesting* [completed eight (8) years of service], he shall be refunded on demand the amount of his accumulated contributions *and any service credit he had in the system shall be nullified* [including, in the case of a circuit judge, contributions made by him under the former KRS 23.350 before he became a member of the system established by KRS 21.350 to 21.510].

(2) The member may elect to leave his contributions in the system, in which event the service credit he had in the system shall be considered to be service credit for vesting purposes as provided in KRS 21.375 and KRS 61.680(6), and, in the event he again becomes a member of the judicial retirement system, shall be counted toward his total service credit in that system.

(3) If a person who has been refunded his contributions in accordance with subsection (1) of this section subsequently becomes a member of the Kentucky employes retirement system, county employes retirement system, state police retirement system, or teachers retirement system, he may while holding such membership repurchase the service credit he previously had in the judicial retirement system by repaying to that system the amount that was refunded to him with interest at six percent (6%) per annum, in which event such service credit shall have operative effect to the same limited extent as provided in subsection (2) of this section.

(4) If *a person who has been refunded his contributions in accordance with subsection (1) of this section* thereafter [he] becomes again the holder of an office qualifying him for membership in the *judicial retirement* system, he shall not be entitled to credit for his prior period of service unless *he has previously repaid his refunded contributions in accordance with subsection (3) of this section or unless* at the time of his election to again participate in the system he repays to the system the amount that was refunded to him *with interest at six percent (6%) per annum.*

Section 6. KRS 61.680 is amended to read as follows:

(1) Every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 16.505 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof.

(2) (a) Notwithstanding any other provisions of KRS 16.505 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.715, upon death, disability, or service retirement a member's accounts under the state police retirement system, Kentucky employes retirement system, county employes retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for membership in the judicial retirement system may elect to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. When such an election is made, the agency employing the member shall withhold employe contributions, make employer contributions and remit these contributions to the system in which the member retained his membership.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in subsection (a) of this section may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system may elect to retain membership in the teachers' retirement system during his term of office rather than participate in the Kentucky employes retirement system. Such election to retain membership in the teachers' retirement system must be filed in writing within 90 days after his term or office begins or he will participate in the Kentucky employes retirement system during his term of office. No contributions may be made to the teachers' retirement system for the same period of service under the Kentucky employes retirement system as a member of the general assembly.

(5) Effective July 1, 1974 any member of the Kentucky employes retirement system or county employes retirement system who is working in a position covered by one of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Notwithstanding the provisions of subsection (3) of this section [and KRS 21.375], a person *who does not have the amount of service required for vesting* [entering membership of the judicial retirement system with service credit] in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system, *but who is a member of one of such systems or is a former member of one or more of such systems with valid service credit therein,* will become vested for early and normal retirement benefits in each *of such systems* [system] in which he has service credit when his combined service credit in all *such* systems, *plus any service credit he has in the judicial retirement system,* is equal to that required for vesting in each respective system. *The retirement benefits from each system shall be those attributable to the amount of actual service and "final compensation" or "final average salary" in each system.*

SECTION 7. A NEW SECTION OF KRS 21.345 TO 21.520 IS CREATED TO READ AS FOLLOWS:

(1) Effective July 15, 1980, the retirement system established by KRS 21.345 to 21.520 shall include the members of the general assembly upon their election to participate therein in accordance with subsection (2) of this section. The annual accrual rate of general assembly members for service after July 15, 1980 shall be two and seventy-five hundredths percent (2.75%), except that the annual accrual rate for members of the general assembly for service prior to July 1, 1978, and for continuous service thereafter, shall be the same rate as for judges in office on June 30, 1978, and the annual accrual rate for service beginning after July 1, 1978, and for continuous service thereafter, shall be the same as for judges who entered office after July 1, 1978 but before July 15, 1980.

(2) Each member of the general assembly in office on July 15, 1980 may, within thirty (30) days after July 15, 1980, and any member of the general assembly thereafter taking office may within thirty (30) days after taking office, elect to make monthly contributions to the system established by KRS 21.345 to 21.520 in an amount equal to four and one half percent (4 ½%) of his assumed annual salary on a monthly basis. The election shall be effective to establish membership in the system as of July 15, 1980, or as of the date the member thereafter takes office, as the case may be. The election shall be addressed and filed and have effect the same as an election made by a justice or judge under KRS 21.360.

(3) KRS 21.375 notwithstanding, members of the general assembly who elect membership in the judicial retirement system shall have their service in the Kentucky employes' retirement system, county employes' retirement system or teachers' retirement system credited, for the purposes of vesting and determining retirement allowances, to their account in the judicial retirement system. Money attributable to the member in the member's contribution account (KRS 61.575, 78.640), the retirement allowance account (KRS 61.580, 78.650), the teachers' savings fund (KRS 161.420(2) or the state accumulation fund (KRS 161.420(3)) shall be transferred to the judicial retirement board for payment of retirement allowances of members of the general assembly who elect membership in the judicial retirement system.

Section 8. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to four and fifteen one hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962 creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be four and one half percent (4.5%), and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 amendment to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a circuit judge, compensation received as special commissioner of the former Court of Appeals. *In the case of members of the General Assembly, the monthly final compensation figure shall be computed on the basis of an assumed annual salary of $18,000 per year, which shall include per*

diem and expense payments authorized by KRS Chapter 6. If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(3) In lieu of the right provided for in subsection (2) of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection (2) of this section when he reached his normal retirement age, reduced actuarially in accordance with his actual age at the time the election is made.

Section 9. KRS 21.345 is amended to read as follows:

(1) For the purposes of KRS 21.350 to 21.510, "retirement" means a voluntary resignation or a failure of re-election, but does not include a removal for cause.

(2) The word "service" as used in KRS 21.370 to 21.480 means service as a justice of the Supreme Court, *as a member of the General Assembly in accordance with Section 7 of this Act,* as a judge of the Court of Appeals created by Section 111 of the Constitution of Kentucky, as a regular circuit judge, or as a regular judge of the district court, including service in one (1) and then another of those capacities. It also includes service as a judge or commissioner of the former Court of Appeals, or as director of the administrative office of the courts, prior to January 1, 1976, and service continuing beyond that date, in any capacity in or for the Court of Justice, by any person who held the office of commissioner of the former Court of Appeals, or director of the administrative office of the courts, on December 31, 1975. The word "service" embraces only service performed while a member of the retirement system established by KRS 21.350 to 21.510, except that, service in any of the positions hereinabove mentioned, before the judicial retirement system was made applicable to that category of position, shall be included.

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. Service in any calendar month shall be deemed to constitute a month of service.

(4) The provisions of this section shall not apply to any director of the administrative office of the courts appointed after January 1, 1976, nor shall they apply to any commissioner of the Court of Appeals not appointed prior to January 1, 1976. The administrative director of the courts and commissioners of the Court of Appeals appointed prior to January 1, 1976, shall continue to be members of the system so long as they continue to render service in any capacity in or for the Court of Justice.

Section 10. KRS 21.350 is amended to read as follows:

(1) Except as provided in subsection (2) of this section, membership in the retirement system established by KRS 21.350 to 21.510 shall consist of, and be confined to, justices of the Supreme Court, judges of the Court of Appeals created by Section 111 of the Constitution of Kentucky, circuit judges, and judges of the district court, who have made an election to participate in accordance with KRS 21.360, *and members of the General Assembly in accordance with Section 7 of this Act.*

(2) Any person who was a member on December 31, 1975, by virtue of holding on that date the office of commissioner of the former Court of Appeals or director of the administrative office of the courts, shall continue in membership so long as he continues to render service in any capacity in or for the Court of Justice.

(3) The limitation of membership made by this section does not affect rights to benefits based on service rendered before the 1978 amendment to this section took effect.

Section 11. KRS 6.211 is amended to read as follows:

Until January 1, 1982 [Effective January 1, 1978], in addition to any and all sums, compensation, or expenses now paid the members of the general assembly and the president of the senate, each shall receive an expense allowance of seventy-five dollars ($75.00) for each calendar day. *On and after January 1, 1982, in addition to any and all sums, compensation, or expenses now paid the members of the general assembly and the president of the senate, each shall receive an expense allowance of one hundred dollars ($100.00) for each calendar day.* This sum shall be paid whether the general assembly is in regular or extraordinary session and shall be in full recompense of any additional expenses incurred in excess of that now received by them.

Section 12. KRS 6.213 is amended to read as follows:

(1) *On and after April 17, 1980,* in addition to the per diem and all allowances provided by law to members of the general assembly of the Commonwealth of Kentucky each member of the legislature is hereby granted an expense allowance of *one thousand* [seven hundred fifty] dollars *($1,000)* [($750)] per month *and on and after January 1, 1982 this amount shall be increased to one thousand two hundred dollars ($1,200) per month* for secretarial assistance, books and periodicals, other reports or publications, conduct of small scale studies related to governmental activity, postage, telephone service, or any other expense incident to performance of the legislator's duties.

(2) The expense allowance provided for herein shall not be payable during any session of the general assembly. For sessions occurring during a part of the month, the expense allowance shall be prorated.

(3) Such expense allowances shall be paid by the state treasury out of the general fund of the Commonwealth upon warrant of the executive department for finance and administration, issued on the certification of the director of the legislative research commission."

and on page 5, line 2, to delete "Section 4." and to insert in lieu thereof "Section 13."

and on page 5, line 5, to delete "Section 5." and to insert in lieu thereof "Section 14."

and on page 5, line 10, to delete "Section 6." and to insert in lieu thereof "Section 15."

and on page 5, below line 12. to add the following:

"Section 16. The provisions set forth in this Act are not severable. If any provision, or its application shall be held to be invalid, all the provisions of this Act shall be invalid."

Representative B. Richardson moved that **HB 141** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 141** is as follows:

"Pursuant to the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HB 141** which alters penalties for drug law violations. I am compelled to take this action based upon the following reasons:

This bill would prohibit the probation, parole or early release of even first offenders. Teenagers and young persons convicted under this bill would have to serve at least one-third of his sentence in prison. This penalty is stronger than the penalty presently applicable to persons dealing with heroin, cocaine and other hard drugs.

The Commonwealth of Kentucky has only recently entered into a settlement agreement in Federal Court whereby current prison population will be reduced substantially over the next year while $42 million is expended to rehabilitate our correctional system. **HB 141,** which denies probation to various drug offenders and requires them to serve a one-third minimum sentence before parole eligibility, will increase prison population by several hundred persons based upon current data, exacerbating our population problems. As these individuals will not be eligible for parole, other prisoners will have to be released to comply with the order's requirements even if they are repeat or violent offenders.

Furthermore, **HB 141** will create apparent inequities in our controlled substances law which do not serve to benefit society. Possession of eight ounces of marijuana will be treated as a more serious offense than possession of large quantities of heroin, cocaine or other controlled substances. Possession of eight ounces of marijuana is made a non-probational felony, while trafficking in controlled substances remains a misdemeanor.

HB 141 will remove from the court the discretion to grant probation in many drug cases, including all those involving trafficking in marijuana or possession of eight ounces or more. Mandatory sentencing of this nature is currently limited to serious violent crimes in Kentucky, and has not been successful in combating drugs in other states. Mandatory prison penalties in marijuana cases will increase the number of jury trials, and demands on the criminal justice system.

The controlled substances statutes of Kentucky should be studied, and amended in a logically consistent manner. **HB 141** fails to provide a framework of fairness in redesigning our drug law, and can only serve to disrupt society and the lives of many potentially-productive citizens.

S/Governor John Y. Brown, Jr.
4/9/80"

Representative B. Richardson moved that **HB 141** be passed, the Governor's veto notwithstanding.

Senate Message

The following message was received in regard to **SB 102:** The Free Conference Committees appointed relative to **SB 102** having failed to agree, the Senate requests this Honorable Body to appoint a new Free Conference Committee to meet with a like Committee from the Senate. The Senators appointed to serve on this Committee are as follows: Senators Baker, Martin, and Sullivan.

The following message was received in regard to **SB 206:** The Senate has overridden the Governor's veto on **SB 206** and would like to be informed of this Honorable Body's veto standing on the bill.

Orders of the Day (continued)

The Speaker announced the appointment of Representatives Clapp, Thomason, and Jones to the Free Conference Committee on **SB 102.**

Representative B. Richardson moved that **HB 251** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 251** is as follows:

"By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HB 251.** This bill authorizes the purchase of military service credit under the Kentucky Employees Retirement System and directs the state's share of the cost be deemed a necessary governmental expense. Although the bill places a limit on the amount of liability the state would be charged in 1980-81 and 1981-82, it does not place such a limit for future years. The Kentucky Retirement System indicates that the cost of the state for matching eligible members military service credit purchases would exceed $8 million. With a limitation of $150,000 per year, only a small number of individuals - as low as 12-15 persons - could be approved each year of the 1980-82 biennium. No fair and equitable system of determining individual eligibility would be possible with this restriction.

S/Governor John Y. Brown, Jr.
4/9/80"

The Governor's veto message on **HB 275** is as follows:

"By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HB 275.** This bill would create an office of State Archaeology which would duplicate the functions of the Kentucky Heritage Commission's historic preservation officer, who currently has the responsibility for determining what is archaeologically significant. It is my determination that we need to avoid duplication of state services wherever we can.

S/Governor John Y. Brown, Jr.
4/9/80"

The motion that the House refuse to sustain the Governor's veto of **HB 275** was rejected.

Representative B. Richardson moved that **HB 318** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 318** is as follows:

"By the authority granted by Section 88 of the Kentucky Constitution I am vetoing **HB 318.** The method chosen by which the statute of limitations would accrue under this Act appears to be indefinite in nature since books circulated by a publisher may remain on various booksellers shelves for a period of time that would not, or could not, be ascertained by the publisher or author of the book. Because of the indefiniteness of the time period this legislation might be attacked as arbitrary pursuant to Section II of the Kentucky Constitution.

S/Governor John Y. Brown, Jr.
4/2/80"

Representative Van Horn moved that **HB 318** be passed, the Governor's veto notwithstanding.

On the roll call the vote was yeas 57-Adams, Allen, Bendl, Bennett, Blair, Blandford, Boswell, Brinkley, Bronger, Brown, Bruce, Burnette, Caldwell, Cawood, Clark, Crupper, Curd, Cyrus, Davenport, Dawahare, Donnermeyer, Dunn, Farrow, Freibert, Gray, Guenthner, Heleringer, Holbrook, Johnson, Layman, LeMaster, Lewis, List, Little, Mann, Nett, Noe, O'Brien, Overstreet, Patrick, Petty, Plummer, Priddy, Rapier, Rattliff, Reynolds, Richards, Romines, Smith, Stone, Stumbo, Van Horn, Weinberg, White, Williams, Wright, Yates. HB 318 was passed over the Governor's veto.

Representative B. Richardson moved that **HB 395** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 395** is as follows:

"By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HB 395.** This bill changes the average daily attendance calculations for certain types of classroom units. Although the bill is qualified to the extent that in the event of a conflict with the 1980-82 biennial budget, the budget will prevail over this bill, the proposal could have a devastating effect on future bienniums. In the 1982-84 biennium the change in class sizes for grades from 1 to 3 would cost approximately $12 million each year. Although this reduction in class size may be desirable, it would be more prudent to wait and see what financial resources are available to the state at the time that biennial budget is presented to the General Assembly. In developing our present budget it became obvious there was a problem with previous General Assemblys mandating new programs to take effect during future bienniums, without any provision for funding such programs.

S/Governor John Y. Brown, Jr.
4/9/80"

Representative B. Richardson moved that the veto of **HB 395** be sustained.

On the roll call the vote was yeas 31-Allen, Arnold, Blythe, Bronger, Burch, Clapp, Clark, Clarke, Craddock, Crupper, Donnermeyer, Dunn, Ellington, Freibert, Haering, Hancock, Heleringer, Johnson, Jones, Kenton, List, May, McBee, Nett, O'Brien, Petty, Plummer, B. Representative B. Richardson moved that **HB 538** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 538** is as follows:

"By the authority granted by Section 88 of the Kentucky Constitution I am vetoing **HB 538.** Enactment of this legislation would result in the extension of Medicaid coverage to include all optometric services for the entire population of Medicaid recipients. The cost of provision of eyeglasses to the expanded population, based on the current average cost of eyeglasses to the program, could exceed $6,234,515 per year—of which $1,990,681 would be state funds. There is no appropriation of state funds to provide this service.

S/Governor John Y. Brown, Jr.
4/2/80"

Representative B. Richardson moved that **HB 538** be placed upon its passage, the Governor's veto notwithstanding.

On the roll call the vote was yeas 81-Adams, Allen, Arnold, Bendl, Bennett, Blair, Blandford, Boswell, Brinkley, Bronger, Brown, Bruce, Burch, Burnette, Cawood, Clapp, Clark, Clarke, Craddock, Crupper, Curd, Davenport, Dawahare, DeMarcus, Deskins, Donnermeyer, Dunn, Farrow, Foster, Fryman, Gray, Guenthner, Head, Heleringer, Hines, Holbrook, Holloway, Isler, Johnson, Layman, LeMaster, Lewis, Little, Mann, May, Maynard, McBee, McKinney, McNutt, Moberly, Morris, Nett, Noe, O'Brien, Overstreet, Pearman, Petty, Plummer, Priddy, Rapier, Rattliff, Richards, B. HB 538 was passed over the Governor's veto.

Representative B. Richardson moved that **HB 544** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 544** is as follows:

"By the authority vested in me by Section 88 of the Kentucky Constitution, I hereby veto **HB 544.** This bill would require the Utility Regulatory Commission to consider telephone company estimates of future costs in setting rates. The Commission already considers measurable increases in utility costs, and must grant the utility a reasonable return on investment. Commission decisions are now made within five months after a rate application is filed, thereby allowing telephone companies to file new petitions to recover ongoing cost increases. This bill serves only to unduly complicate and lengthen what is an equitable and efficient rate-making process.

S/Governor John Y. Brown, Jr.
4/3/80"

Representative B. Richardson moved that the Governor's veto of **HB 544** be sustained.

On the roll call the vote was yeas 66-Adams, Arnold, Barrows, Bendl, Bennett, Blair, Blythe, Brinkley, Bruce, Burch, Caldwell, Cawood, Clark, Clarke, Craddock, Crupper, Curd, Cyrus, Davenport, Dawahare, Deskins, Donnermeyer, Dunn, Ellington, Foster, Freibert, Gray, Hancock, Head, Heleringer, Isler, Johnson, Jones, Kenton, Kidd, Lewis, List, Little, Lundergan, Mann, May, Moberly, Morris, Nett, Noe, O'Brien, Overstreet, Pearman, Petty, Priddy, Rapier, Reynolds, Richards, B. The motion that the Governor's veto of **HB 544** be sustained was adopted.

Representative B. Richardson moved that **HB 587** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 587** is as follows:

"By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HB 587.** This bill would extend the responsibility of insurance companies beyond the established common law. Companies would be responsible for agents' employment. The common law is very clear that a company is responsible for its agents' acts within the normal scope of their contract of employment. Extending this liability to the extent **HB 587** does, would place an unreasonable burden on the insurance companies. Agents currently have to meet financial responsibility for their erroneous acts or failures to act due to legislation passed by the 1978 General Assembly.

S/Governor John Y. Brown, Jr
4/9/80"

Representative White moved that **HB 587** be passed, the Governor's veto notwithstanding.

On the roll call the vote was yeas 84-Adams, Allen, Arnold, Bendl, Bennett, Blair, Blandford, Blythe, Boswell, Brinkley, Bronger, Brown, Bruce, Burch, Burnette, Caldwell, Cawood, Clapp, Clark, Craddock, Crupper, Curd, Cyrus, Davenport, Dawahare, DeFalaise, DeMarcus, Deskins, Donnermeyer, Dunn, Ellington, Farrow, Fryman, Gray, Guenthner, Head, Heleringer, Hines, Holbrook, Isler, Johnson, Jones, Kenton, Kidd, LeMaster, Lewis, Little, Lundergan, Mann, May, Maynard, McBee, McKinney, Moberly, Nett, Noe, O'Brien, Overstreet, Patrick, Petty, Plummer, Priddy, Rapier, Rattliff, Reynolds, Richards, B. HB 587 was passed over the Governor's veto.

Representative B. Richardson moved that **HR 21** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HR 21** is as follows:

"By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HR 21.** This bill would establish and create a precedent relative to the authority of the Development Cabinet and the Department of Tourism. Those departments must weigh the merits of many requests and make value judgments on each. It is my determination that this bill would create a precedent which would not be in the best interest of the Commonwealth. Furthermore this resolution usurps the executive branch's responsibility to execute the executive budget as passed by the General Assembly.

S/Governor John Y. Brown, Jr.
4/9/80"

Representative B. Richardson moved that the Governor's veto of **HR 21** be sustained.

On the roll call the vote was yeas 96-Adams, Allen, Arnold, Barrows, Bendl, Bennett, Blair, Blandford, Blythe, Boswell, Brinkley, Bronger, Brown, Bruce, Burch, Burnette, Caldwell, Cawood, Clapp, Clark, Clarke, Craddock, Crupper, Curd, Cyrus, Davenport, Dawahare, DeFalaise, DeMarcus, Deskins, Donnermeyer, Dunn, Ellington, Farrow, Foster, Freibert, Gray, Guenthner, Haering, Hancock, Head, Heleringer, Hines, Holbrook, Holloway, Isler, Johnson, Jones, Kenton, Kidd, Layman, LeMaster, Lewis, List, Little, Lundergan, Mann, May, McBee, McKinney, McNutt, Moberly, Morris, Nett, Noe, O'Brien, Overstreet, Patrick, Pearman, Petty, Plummer, Priddy, Rapier, Rattliff, Reynolds, Richards, B. The motion that the Governor's veto of **HR 21** be sustained was adopted.

Representative B. Richardson moved that **HCR 6** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HCR 6** is as follows:

"By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HCR 6** which establishes an Oversight Committee to direct development of a regional transportation plan for 49 Appalachian counties. The Department has already conducted studies for the Appalachian Development Highway Program of the Appalachian Regional Commission. In addition, the Department is required by law to maintain studies of the entire state highway system, including Appalachia. Therefore, a duplication of effort by the Department is apparent if this becomes law. This legislation would appear to give preferential planning treatment to a particular area of the state, treatment which other geographic areas are not afforded at this time. An additional study could cost as much as $300,000 to an already financially troubled road system.

S/Governor John Y. Brown, Jr.
4/9/80"

Representative Worthington moved that **HCR 6** be passed, the Governor's veto notwithstanding.

On the roll call the vote was yeas 62-Arnold, Bennett, Blair, Blandford, Boswell, Brinkley, Bronger, Brown, Burnette, Caldwell, Cawood, Crupper, Curd, Cyrus, Davenport, Dawahare, Deskins, Donnermeyer, Farrow, Freibert, Fryman, Gray, Haering, Hancock, Head, Heleringer, Hines, Holbrook, Isler, Johnson, Kenton, Kidd, LeMaster, Lewis, List, Little, Lundergan, May, McKinney, Moberly, Nett, Noe, O'Brien, Overstreet, Patrick, Petty, Plummer, Priddy, Rapier, Reynolds, Richards, Robinson, Romines, Stone, Stumbo, Van Horn, Weinberg, White, Wilborn, Worthington, Wright, Yates. HCR 6 was passed over the Governor's veto.

Floor Amendment No. 6 to **SB 315**, by Representative Morris:

Amend printed copy of **SB 315**, page 3, line 2, after the word "commission" by adding the following:

Section 7. KRS 186A.010 is amended to read as follows:

(1) *An automated motor vehicle and trailer registration and titling system shall be developed and implemented as expeditiously as practicable in all counties of the Commonwealth* [It is the intention of the general assembly that an automated motor vehicle and trailer registration system be developed and that pilot projects be instituted in selected counties, subject to the agreement of the county clerk of a selected county. The counties in which pilot projects shall be instituted shall be selected by the secretary of the department of transportation in consultation with the departments of revenue and justice]. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration in their offices, and certificates of title in Frankfort, by automated means utilizing telecommunication terminals and associated devices supplied by the Commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, to ensure development of a common vehicle information data base to improve efficiency *in collecting and* [in] auditing motor vehicle usage tax, [and] license fee collections, *and personal property tax*, to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The department of transportation is hereby directed to develop *as expeditiously as practicable* an automated motor vehicle and trailer registration *and titling* system [design,] having, as a minimum, the capabilities or functions described in this chapter, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this chapter to be *operated in all counties of the Commonwealth* [tested in selected counties].

(3) *All* [The department of transportation is directed to ensure that the system developed will produce the necessary reports in such manner and at such times as the departments of revenue and justice request, to enable these departments to audit the taxes and fees collected by the county clerk in connection with the registration of a motor vehicle or trailer required to be registered in this state, and that the system produces such other information as the department of justice may reasonably require in connection with the registration of a motor vehicle or trailer, in carrying out the duties of that department as they relate to the regulation of motor vehicles or a traffic records system.

(4) The] departments of *state government affected by the system* [revenue and justice] are hereby directed to cooperate with the department of transportation for purposes of assuring orderly implementation of this *Act* [chapter].

SECTION 8. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) (a) The bureau of vehicle regulation shall have full responsibility and authority for day-to-day administration of the automated system and related functions described by this chapter; and

(b) May request the assistance of any department or bureau of state government in carrying out its responsibilities under this Act.

(2) The bureau of vehicle regulation shall assure, to the extent feasible, twenty-four (24) hour, year-around information support to the bureau of state police, and to other law enforcement agencies state and nationwide, regarding vehicles registered and, when required, titled in this state.

SECTION 9. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

In order to improve collection of personal property (ad valorem) taxes associated with motor vehicles and trailers, the bureau of vehicle regulation, in cooperation with the department of revenue, shall:

(1) Ensure that the automated system provided by this chapter is capable of properly assigning a value for each vehicle registered in a county, utilizing a value reference manual in machine readable form approved by the department of revenue, and a manually entered value for vehicles not shown in such "manual."

(2) Promptly study the feasibility of computing personal property (ad valorem) taxes associated with motor vehicles or trailers, and producing tax bills or notices of taxes due in such regard, and if shown feasible to its satisfaction, implement such capability, or any part thereof, as expeditiously as practicable.

(3) Ensure that the automated system is capable of receiving the record of a lien for unpaid personal property (ad valorem) taxes associated with a motor vehicle or trailer and causing notice of such lien to be imprinted on any certificate of registration, certificate of registration and title, or if applicable, certificate of title unless such lien is satisfied or exonerated.

(4) Ensure that the automated system design will permit the county clerk to transfer the record of an unpaid property (ad valorem) tax lien against a motor vehicle or trailer, from a vehicle previously owned by an owner, to another vehicle subsequently registered in his name.

SECTION 10. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

Other provisions of the statutes to the contrary notwithstanding, the requirement that a sticker or emblem evidencing security (insurance) be affixed to a motor vehicle shall be waived:

(1) Upon a finding by the commissioner of the department of insurance that the underlying purpose(s) of KRS 304.39-085 may be accomplished by the filing of appropriate evidence of insurance with the county clerk, and entry of data concerning such filing into the automated system provided for by this chapter; and

(2) Upon the implementation of a program approved by the commissioner of the department of insurance consistent with this section.

SECTION 11. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) All motor vehicles with a gross vehicular weight of 10,000 pounds or less, and trailers, first registered, or for which the registration is renewed in this state on or after January 1, 1981, shall be placed in a system of year-round registration based upon the birth month of the owner, in order to distribute the work of registering motor vehicles as uniformly as practicable throughout the twelve (12) months of the year.

(2) If the owner of a motor vehicle or trailer is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle or trailer is jointly owned, the owners shall indicate to the county clerk the birth month of one of them to be used for purposes of this section.

(3) The certificate of registration and license plate issued for a motor vehicle or trailer first registered in this state on or after January 1, 1981, shall be valid, unless cancelled by the department in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applies for a first certificate or registration.

(4) After a motor vehicle or trailer has been initially placed in the system of year-round registration, the owner shall renew the registration and license plate annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month.

(5) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(6) Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of this section.

"SECTION 4. A NEW SECTION OF KRS 21.345 TO 21.520 IS CREATED TO READ AS FOLLOWS:

(1) Effective July 15, 1980, the retirement system established by KRS 21.345 to 21.520 shall include the members of the general assembly upon their election to participate therein in accordance with subsection (2) of this section. The annual accrual rate of general assembly members for service after July 15, 1980 shall be two and seventy-five hundredths percent (2.75%), except that the annual accrual rate for members of the general assembly for service prior to July 1, 1978, and for continuous service thereafter, shall be the same rate as for judges in office on June 30, 1978, and the annual accrual rate for service beginning after July 1, 1978, and for continuous service thereafter, shall be the same as for judges who entered office after July 1, 1978 but before July 15, 1980.

(2) Each member of the general assembly in office on July 15, 1980 may, within thirty (30) days after July 15, 1980, and any member of the general assembly thereafter taking office may, within thirty (30) days after taking office, elect to make monthly contributions to the system established by KRS 21.345 to 21.520 in an amount equal to five percent (5%) of his assumed annual salary on a monthly basis. The election shall be effective to establish membership in the system as of July 15, 1980, or as of the date the member thereafter takes office, as the case may be. The election shall be addressed and filed and have effect the same as an election made by a justice or judge under KRS 21.360.

(3) KRS 21.375 notwithstanding, members of the general assembly who elect membership in the judicial retirement system shall have their service in the Kentucky employes' retirement system, county employes' retirement system or teachers' retirement system credited, for the purposes of vesting and determining retirement allowances, to their account in the judicial retirement system. Money attributable to the

member in the member's contribution account (KRS 61.575, 78.640), the retirement allowance account (KRS 61.580, 78.650), the teachers' savings fund (KRS 161.420(2)) or the state accumulation fund (KRS 161.420(3)) shall be transferred to the judicial retirement board for payment of retirement allowances of members of the general assembly who elect membership in the judicial retirement system.

Section 5. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to four and fifteen one hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962 creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be five percent (5%), and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 amendment to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a circuit judge, compensation received as special commissioner of the former Court of Appeals. *In the case of members of the General Assembly, the monthly final compensation figure shall be computed on the basis of an assumed annual salary of $18,000 per year, which shall include per diem and expense payments authorized by KRS Chapter 6.* If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(3) In lieu of the right provided for in subsection (2) of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection (2) of this section when he reached his normal retirement age, reduced actuarially in accordance with his actual age at the time the election is made.

Section 6. KRS 21.345 is amended to read as follows:

(1) For the purposes of KRS 21.350 to 21.510, "retirement" means a voluntary resignation or a failure of re-election, but does not include a removal for cause.

(2) The word "service" as used in KRS 21.370 to 21.480 means service as a justice of the Supreme Court, *as a member of the General Assembly in accordance with Section 4 of this Act,* as a judge of the Court of Appeals created by Section 111 of the Constitution of Kentucky, as a regular circuit judge, or as a regular judge of the district court, including service in one (1) and then another of those capacities. It also includes service as a judge or commissioner of the former Court of Appeals, or as director of the administrative office of the courts, prior to January 1, 1976, and service continuing beyond that date, in any capacity in or for the Court of Justice, by any person who held the office of commissioner of the former Court of Appeals, or director of the administrative office of the courts, on December 31, 1975. The word "service" embraces only service performed while a member of the retirement system established by KRS 21.350 to 21.510, except that, service in any of the positions hereinabove mentioned, before the judicial retirement system was made applicable to that category of position, shall be included.

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. Service in any calendar month shall be deemed to constitute a month of service.

(4) The provisions of this section shall not apply to any director of the administrative office of the courts appointed after January 1, 1976, nor shall they apply to any commissioner of the Court of Appeals not appointed prior to January 1, 1976. The administrative director of the courts and commissioners of the Court of Appeals appointed prior to January 1, 1976, shall continue to be members of the system so long as they continue to render service in any capacity in or for the Court of Justice.

Section 7. KRS 21.350 is amended to read as follows:

(1) Except as provided in subsection (2) of this section, membership in the retirement system established by KRS 21.350 to 21.510 shall consist of, and be confined to, justices of the Supreme Court, judges of the Court of Appeals created by Section 111 of the Constitution of Kentucky, circuit judges, and judges

of the district court, who have made an election to participate in accordance with KRS 21.360, *and members of the General Assembly in accordance with Section 4 of this Act.*

(2) Any person who was a member on December 31, 1975, by virtue of holding on that date the office of commissioner of the former Court of Appeals or director of the administrative office of the courts, shall continue in membership so long as he continues to render service in any capacity in or for the Court of Justice.

(3) The limitation of membership made by this section does not affect rights to benefits based on service rendered before the 1978 amendment to this section took effect."

Representative B. Richardson announced that **HB 514** would not be considered at this time.

Representative B. Richardson moved that **SB 206** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **SB 206** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **SB 206.** Although our laws concurrently authorize certain types of limited licenses for insurance agents, there are statutory maximums on the amount of insurance that can be written under each of these limited licenses. **SB 206** authorized limited licenses for persons who sell mortgage redemption insurance. Our laws provide no maximum on this type of insurance, nor do they control the term for which the insurance can be written nor the rate which may be charged. It is my opinion that this legislation would result in unnecessary and excessive costs for the consumer, and that it could lead to inadequate training for certain licensed agents.

Representative B. Richardson moved the adoption of the following **HR 153:**

HR 153, A RESOLUTION requesting continuing federal funding and support for maintaining the Kentucky River for commercial and recreation navigation.

WHEREAS, the ability to efficiently transport our energy resources is vital to the nation; and

WHEREAS, the Commonwealth of Kentucky has an abundance of energy resources, particularly coal, and also an abundance of navigable surface waterways; and

WHEREAS, the combination of available energy resources together with navigable surface waterways provides for an efficient and economical means to help meet the energy needs of the nation; and

WHEREAS, the Louisville District of the U.S. Army Corps of Engineers gave public notice on April 1, 1980, that consideration is being given to the discontinuance of locking operations at Locks 5 through 14, effective November 1, 1980; and

WHEREAS, one of the reasons stated for the discontinuance is a decline of recreational boats, but such decline could be a result of severe weather which destroyed numerous docking facilities, specifically major flooding in 1972, 1977, 1978, and a tornado in 1974; and

WHEREAS, as new docking facilities are rebuilt, recreational boating should increase on the Kentucky River; and

WHEREAS, the Congress has funded the U.S. Army Corps of Engineers to study the Kentucky River, discontinuance of locking operations prior to the conclusion of this study would appear premature; and

WHEREAS, the discontinuance of locking operations would prohibit the use of the Kentucky River for commercial and recreational navigation, and may affect other areas such as water supply, water quality, and environmental concerns;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the U.S. Army Corps of Engineers is requested and petitioned to continue the operation of Locks 5 through 14 after November 1, 1980.

Section 2. That contrary to the discontinuance of lock operations and maintenance dredging as proposed in the public notice of April 1, 1980, the U.S. Army Corps of Engineers is urged to consider plans for the upgrading of dams and Locks on the Kentucky River, specifically lengthening Locks to a minimum of six hundred feet (600'), and widening Locks 4 and below to the Ohio River, thereby improving the navigational potential for this economical mode of transportation.

Section 3. That the Kentucky congressional delegations is requested to introduce and support any legislation which may be needed to allow funding to the U.S. Army Corps of Engineers for the continued operation of Locks and dredging on the Kentucky River.

Section 4. That the Congress and the President of the United States are requested to mandate studies to determine the feasibility of upgrading the navigation potential of the Kentucky River, especially directed toward the transportation of coal.

Section 5. That the clerk is directed to send a copy of this resolution to:

1. The President of the United States.
2. The Kentucky congressional delegation.
3. The U.S. Army Corps of Engineers.

HR 154, A RESOLUTION requesting the Legislative Research Commission to study the systems by which air quality in metropolitan areas are measured.

WHEREAS, Kentucky's major metropolitan areas are threatened with a cut-off of federal permits and funds in connection with their air quality programs; and

WHEREAS, at the base of this problem are systems for measuring and monitoring the quality of the air in the regions, information from which is reported to federal agencies; and

WHEREAS, there is evidence that these systems may not be providing a reliable picture of the air quality in the metropolitan areas; and

WHEREAS, there is also doubt about the scientific bases for determining the source and information of some of the air pollutants; and

WHEREAS, there have been recent changes in some of the factors that contribute to the problem of maintaining air quality; and

WHEREAS, unless these changes and uncertainties are properly taken into consideration, the net results of current and future air quality programs could be negative;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Legislative Research Commission is requested to conduct a study of the systems by which the air in the metropolitan areas are sampled, analyzed and reported, for the general purpose of assuring that measures that are taken to improve the quality of the air are effective and commensurate with overall community interests.

Section 2. In conducting the study, the Legislative Research Commission should consider, but not be limited to, the state of scientific knowledge regarding the formation and dispersion of ozone pollutants; and of the effect on ozone formation of new systems such as those for street and highway lighting, for stack gas cleanups and for altering motor vehicle emissions, with the objectives of obtaining a more accurate understanding of the air pollution problems in the metropolitan areas and of the causes of these problems.

Section 3. Staff services to be utilized in completing this study are estimated to cost $20,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

In the event that a legislator in office during the 1980 Regular Session of the General Assembly should die prior to the effective date of this Act, then the person who would have been eligible for survivor benefits, had the legislator elected membership in the Legislators' Retirement Plan, may elect such membership pursuant to Section 13 of this Act and be eligible for survivor benefits of the Legislative Retirement Plan.

The election shall be effective to

Provided, however, that any legislator in office on the effective date of this Act may, after the expiration of the thirty (30) day period and until February 1, 1981, make the election, in which event he shall pay to the Legislators Retirement Plan, for the months between the effective date of this Act and the date of his election such sum as will, when added to any member's contribution by him that is transferred from another retirement system under Section 24 of this Act, will equal the member's contribution required by this section. The election shall be addressed to and filed with the secretary of the department of finance and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as voluntarily elected contribution by the member towards the funding of the Legislators Retirement Plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under Sections 14 to 17 of this Act.

(2) When any legislator elects membership in the Legislators Retirement Plan in accordance with this section, his active membership in the Kentucky Employes Retirement System, County Employes Retirement System, or Teachers Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, to the extent that service as a legislator is concerned, and any credit that he then has in such other system or systems, earned for service as a legislator, shall be transferred to and counted as service credit in the Legislators Retirement Plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement.

VETO MESSAGE

(Spread Upon the Register of the Secretary of State)

HB 514

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto House Bill 514.

This legislation retroactively applies itself to pre 1978-80 Capital Construction information in such a manner that it would be in conflict with HB 931, the Executive Budget. Further, the 1980-82 Executive Budget follows the provisions of SB 44, the measure passed by the 1979 Special Session to assure accountability in the Capital Construction Program. HB 514 would complicate and confuse the transition required by SB 44 by imposing new, impractical, and retroactive standards on the entire Capital Construction process and yet would not generate any useful new information.

Even more significant, the combination of Section 17 regarding "general exclusions" and Section 8 (2) prohibiting transfers would complicate and possibly even greatly curtail existing programs such as the School Building Authority Area Development Fund, Community Flood Damage Abatement Fund, Local Health Construction Fund and Riverport Development Fund where particular project allocations are largely dependent on local interest and local project schedules. These sections would preclude internal fund transfers necessary to conduct these programs which are of great benefit to local governments. Senate Bill 44 already contains proper restrictions on transfer of funds, without impairing these programs.

Finally, House Bill 931 includes the requirement that the Legislative Research Commission oversee an independent audit of the Capital Construction Fund to produce essentially the same information sought through House Bill 514. We should have the benefit of this audit, and of experience with implementation of Senate Bill 44 and House Bill 931, before any further refinements such as those mandated by House Bill 514 are considered.

By previous actions the General Assembly has already approved actions which it now attempts to gain the right to approve or disapprove again. Legislative oversight is a proper function of the legislature, but approval or disapproval of administrative action by the legislature is an infringement on the executive branch and is clearly unconstitutional.

s/John Y. Brown, Jr.
